VOLUME XVII — THE CLEARFIELD PROGRESS, CLEARFIELD, PA., WEDNESDAY EVENING, SEPTEMBER 5, 1923. — NUMBER [illegible]

"CAL'S" THRIFT IS STRONG APPEAL TO G. O. P. TREASURER

Upham Says Coolidge Would Be Able to Put On Presidential Race Cheaper Than Others.

JOHNSON IS IN ON IT

New York, Sept. 4.—Frederick W. Upham, of Chicago, treasurer of the Republican National Committee, returned from Europe yesterday on the Leviathan with the prediction President Coolidge will be nominated in 1924 to succeed himself. That is, provided he seeks the nomination and has a chance in the meantime to demonstrate his ability.

"He will be in the position of the pole-horse because he will go into the convention as the reigning head of his party," said Mr. Upham.

To the man who holds the strings of the G. O. P. money bags, President Coolidge would be an ideal candidate for the party for 1924.

"Because he's light on his expense account and doesn't know what a swindle-sheet is," he continued.

Upham cited this as one of the qualifications which made the President popular with him in the days when Calvin Coolidge was only an industrious servant of the party.

"I never knew a man who would go out and make a couple of campaign speeches and send in as small an expense account as 'Cal,'" said Mr. Upham. "He didn't know what it was to pad an account.

"Even as Vice-President he refused to travel in a Pullman drawing room. 'A berth, upper or lower, is good enough for me,' he would say; 'the funds of the party are sacred.'

"He was a rare politician in that respect."

Senator Robert M. La Follette, of Wisconsin, who will come into the convention with Wisconsin, Minnesota, Michigan, the Dakotas and part of Iowa solidly for him; Senator Hiram Johnson, of California, and former Governor Frank Lowden, of Illinois, must be considered, and Governor Pinchot, of Pennsylvania, might loom up as a "dark horse," added Upham.

Albert D. Lasker, former chairman of the Shipping Board, will be Johnson's political manager, said Mr. Upham, who referred to him as the "Barney Baruch" of the Republican party.

Charles D. Hilles, formerly chairman of the Republican National Committee, who also arrived on the Leviathan, said he thought there will be a moratorium on Presidential candidates for at least sixty to ninety days because of the death of President Harding.

President Coolidge, occupying the Presidential chair, has no doubt an advantage over any other possible candidate, said Mr. Hilles, but Senator Hiram W. Johnson would undoubtedly enter the convention for a fight to a finish.

MOTHER OF FORMER LOCAL TEACHER KILLED

Clearfield friends of Wyndell F Woodring, a former Clearfield school teacher, were shocked to learn today of the death of his mother, Mrs. Margaret Woodring of Allentown, Pa., in an automobile accident which occurred at Hamorton, Pa., yesterday.

Wyndell Woodring was driving the car. In turning out to pass another car he ran off the concrete onto the soft earth and in attempting to turn the machine back onto the road the car overturned, pinning Mrs. Woodring beneath the frame work of the car and the edge of the concrete, instantly crushing her life out.

Mr. and Mrs. William Fontenoy and son Wilbur, accompanied by Miss Mary Malloy, have returned from a delightful trip to Buffalo, Niagara Falls and Toronto. Miss Margaret O'Rourke, also one of the party, was forced to remain in Buffalo for the present because of a threatened attack of diphtheria.

D. D. Long and family and H. A. Giles and family of Clearfield and Mrs. Mercery and little granddaughter of Chicago motored to DuBois Monday and spent the day with Andrew Patterson and family.

WOODS TELEGRAPHS THAT ALL AMERICANS IN TOKIO WERE SAVED BUT IT IS THOUGHT SEVEN IN YOKOHAMA LOST THEIR LIVES

Washington, D. C. Sept. 5.—Seven Americans in Yokohama are believed to have perished in the destruction of that city but all Americans in Tokio are believed saved, United States Ambassador Cyrus E. Woods has advised the State Department today.

Woods estimates the dead in Tokio at 10,000.

Communications between Tokio and Yokohama have been reestablished.

Pacific Turbulent

San Francisco, Cal., Sept. 5.—The Pacific ocean is being agitated by strange currents and swept by huge waves, following the terrific earthquakes.

$50,000 damage has been done to ships in the harbor at San Pedro, it is estimated, by the extraordinary seas.

One vessel witnessed that she had been carried twenty miles off her course by a strange current.

The Tayo Maru of the Toyo Nisent Kaisha radioed that she was in distress three miles out of Yokohama, bound for San Francisco.

Pekin, Sept. 5.—The American naval hospital at Yokohama collapsed

(Continued On Page Four)

JUDGE WHITEHEAD DECREES MAN WITH DISEASE MUST PAY LEGAL PENALTIES

Henry or Joe Vitterella, of Sandy township, who recently entered a plea of guilty to the manufacture and possession of liquor, will have to serve out his jail sentence. Judge Bell sentenced Vitterella to serve 60 days but the question was raised by his attorney that the man was suffering from chronic lumbago and sciatica and that confinement in the jail would aggravate his condition.

An order was then made directing Jail Physician Cowdrick to examine the prisoner and report back. Dr. Cowdrick reported back that Vitterella was able to "stand the work."

A few days later Drs. J. I. Pollum and J. I. Brockbank, of DuBois, "round robined" the Court to the effect that Vitterella was all "sored up" and had to be let loose or he would never be able to brew his own again

That was two doctors to one and Judge Bell rushed reinforcements to the aid of Dr. Cowdrick by making another order directing Dr. Ward O. Wilson to examine Vitterella and see what he could find. Dr. Wilson found his Clearfield colleague right and the DuBois doctors mistaken.

Then a day for a hearing from both sides of the medical question was fixed upon and after one postponement of a week the medicos got at it yesterday. The DuBois doctors persisted that Vitterella had "scientific rheumatism" and lumbago all the time he was along the banks of the Sandy. Dr. Wilson countered by saying such was not the case when he was being detained at the edge of the Susquehanna and as the jail was well lighted and ventilated (boy, page Rev. Hatch), it wasn't a bad place for a rheumatic to be in. Dr. Pollum said he would refuse to advise any patient of his to try a siege in Wilson's rheumatism sanitarium.

Dr. Cowdrick could not be present and Attorney John Pentz started to argue his side of the case to Judge Whitehead, who heard the case. Judge Whitehead soon butted in by saying that he had "no sympathy for any man who violated the Volstead law; that if Vitterella had these diseases claimed for him by the DuBois doctors, he must have had them when he was violating the law, and that he also knew that if caught at his violation he would have to pay the penalty in some penal institution; he took that chance and lost and he believed he had been very leniently dealt with and that the Court would be derelict in his duty to consider any parole in such a case, and that he would therefore refuse a parole." He further said, however, that were it shown that the prisoner's health would be endangered by confinement then the Court had a right to grant a parole, but he did not consider enough evidence had been produced in this case to warrant any such conclusion. Vitterella will remain in Clearfield for the time specified in his original assignment.

HOPE LOOMS AGAIN AS COAL CONFEREES GO INTO MEETING

Change of Tone Said to Be Noted But All Are Agreed That the Real Crisis Is Today.

TO MAKE OR BREAK

Harrisburg, Pa., Sept. 5.—A more hopeful atmosphere pervaded the executive chambers in the Capitol today as the deadlocked miners and operators conferees re-assembled to meet again with Governor Pinchot.

Although there seems little tangible evidence with which to augment such a belief, but the three parties to the negotiations showed an unmistakable change of tone.

The general belief is that the wrinkles in the Pinchot peace plan may somehow or another be ironed out and bring an end soon to the anthracite coal strike, now running its fifth day.

If the operators consent to the ten per cent wage increase and the miners accept Governor Pinchot's explanation of his check-off and non-arbitration process, it was hoped the two parties might again get together in a joint session and work out their own solution on a new basis.

But if such an agreement is not really concluded, it is admitted on all sides that the nation is in for a long strike.

COMMERCIAL CLUB ENDORSES TRUNK LINE PROPOSITION

The matter of the New York Central Railroad Company's proposed "fifth trunk line" across the country from New York to Chicago over the Clearfield route was presented to the Clearfield Commercial Club at its meeting at the Hotel Jordan last evening, by A. W. Davis, of the executive offices of the railroad company.

Nearly the entire membership of one hundred were present and Elbridge Brown, Esq., presided in the absence of President Phil B. Reed. Mr. Davis briefly outlined the proposed plan, which is already familiar to readers of The Progress, and stressed the very great importance and benefit such a line would be to this section of Pennsylvania.

At the conclusion of Mr. Davis' remarks resolutions were unanimously passed strongly endorsing the proposed new line and were ordered forwarded to the Inter-State Commerce Commission as defining the attitude of Clearfield business men toward the projected new line, which body is now engaged in re-grouping the railroads of the country under the transportation act.

Mr. Davis also extended an invitation to the club to send a representation to an open meeting of the business men of this region, designed to further the project, to be held at Williamsport Friday afternoon next. The invitation was accepted and President Brown named the following to represent the club at Williamsport: L. A. McDowell, S. L. Warner, W. E. Fluck Banks Smith, John Gearhart, Randall Brubaker and Roll B. Thompson.

The chairman also appointed the following committee to meet with a like committee from the Rotary Club to decide on wha these organizations will recommend doing about community service in Clearfield.

At the conclusion of the meeting the club members accompanied Mr. Davis to the Globe Theatre where the New York Central Railroad Company was presented on the screen. The pictures showed the N. Y. C. and its manifold activities from Dan to Beersheba and were not only interesting and instructive but very enjoyable. The pictures were public and attracted several hundred people to the theatre during the hour they were being shown.

ALTOONA RACER IS KILLED WHEN CAR LEAVES THE TRACK

Howard Wilcox, Daring Speed King, Is Victim; Eddie Hearne Wins at 111 Miles Per Hour.

A CONTINUOUS RUN

Altoona, Sept. 4.—Howard Wilcox, well known auto racer of Indianapolis, was fatally injured in the inaugural 200-mile race at the new speedway here today. He was in third place and traveling at more than 100 miles an hour when his machine skidded and overturned. Wilcox died a few moments later in the emergency hospital at the track, from a broken neck.

The race was won by Eddie Hearne without a stop. His time was 1:47:37.35, or an average of 111½ miles, for the 200 miles. Jerry Wunderlich was second and Dave Lewis came in third. Other finishers were Fred Comer, fourth; Benny Hill, fifth, and Frank Hill, sixth.

The fatal accident happened on the 117th lap.

By winning today Hearne took the lead in the 1923 automobile racing championship. Jimmie Murphy, who is abroad, has a total of 1,070. Hearne had 802 points and his victory today gave him 400 points.

In addition to Wilcox four other drivers did not finish. They were Harlan Fengler, Earl Cooper, Harry Hartz and L. L. Corum. All were forced out by engine trouble, Hartz's car catching fire.

Turning the first curve of the fatal lap, Wilcox got so low that he was on the dirt. He swerved to get back and his wheel struck the oil soaked board at the bottom. His car turned over, wheels flying. Wilcox was rushed to the field hospital, but there it was found he was dead. In addition to his neck, his arms and legs were broken and his chest crushed.

AUTO ACCIDENT VICTIM DOING FINE

Little Jimmy Frederick, the six-year-old son of Mr. and Mrs. Mike Frederick, who was seriously injured on the day of the Firemen's Convention, when struck by the car driven by Mr. Phillips of West Front street, has so far recovered as to be able to leave the hospital and was taken to the home of his parents at the corner of West Front and Merrill streets yesterday.

While not entirely well, the lad, who suffered a fracture of the skull, is coming along finely and will soon be all right again. The lad's parents are very much pleased over the recovery of their son and are very grateful to the hospital folks, the doctors in charge and Mr. Phillips, who, while not to blame for the accident, was very solicitous as to the lad's condition and made daily trips to the hospital to see him.

HORSESHOE CHAMPIONSHIPS

The horseshoe finals for the championships of Clearfield and the Community Service cups which were pitched off on Labor Day afternoon, were won by S. Boyd Smith in the singles and Witherow and Cowdrick in the doubles.

Smith was the winner of the Community Service championship last year also.

The doubles cups were awarded to Witherow and Cowdrick by forfeit, they being the leaders in the semi-finals and no teams appeared to contest against them in the finals.

The singles scores were as follows:

	Pts.	R.	D.
Smith	50	16	4
Johnson	48	19	1

(This game decided the tie between Johnson and Smith in the semi-finals.)

Smith	50	13	2
Johnson	37	11	2
Smith	50	18	1
Flint	13	7	0
Smith	50	11	3
Hudson	34	10	2
Johnson	50	15	2
Hudson	46	21	0
Hudson	50	13	1
Flint	45	11	3

The other entries in the singles failed to contest.

CLEARFIELD WELL ADVERTISED BY FINE LOOKING LEGION MEN WHO WENT TO THE STATE CONVENTION AT CITY OF READING

Little City of 10,000 On the Banks of the Susquehanna Put Up Great Showing With Big Cities of the State.

CHASE A LARGE FACTOR

By J. D. CONNELLY

Now that the smoke of battle has blown away, the tumult and the shouting has died down to a whisper and the madding crowd is 211 miles behind us at Reading, it appears to us but fitting and right, in view of the splendid showing they made, that we should give a more or less brief resume of the trip of John Shade Post to the American Legion state convention at Reading.

Thank the Public.

And, first of all, we want to express the appreciation of the boys, at their request, for the magnificent manner in which the generous people of this community responded to their appeal for assistance in making it possible to take the band to Reading, for the splendid send-off they gave them when they left Clearfield and for the loyalty of the friends of the Legion who accompanied the outfit.

A Fine Trip.

The trip was a fine one and surely worth while when the advertisement given Clearfield by the numbers, conduct and fine appearance of the Legion members themselves, the magnificent reception given our splendid band throughout Reading, and lastly but far from least, the wonderful hit made by Miss Mary Mitchell with her singing which simply took with storm every audience before which she appeared as soloist for the band, is taken into consideration.

Where Is Clearfield?

Clearfield had a representation of nearly two hundred at Reading and Reading people were a unit in agreeing that a place that could turn out such a delegation was sure "some town." The universal remark was "Well, there is another fellow from Clearfield; where is Clearfield and how big a town is it? We're going to make a trip up to that place and look the people over back home. A 10,000 town with Legion Post No. 6 and a membership like is represented here, with a band the equal at least of anything turned out in any of the big cities of the state, must be 'some town'."

Being from Clearfield we might be charged with being partial, but when John Shade Post No. 6, headed by its splendid band of sixty pieces, with the Legion boys wearing their "tin derbies," as they did when facing the Kaiser's cohorts, marched down the street even the most phlegmatic Pennsylvania German was unable to maintain his usual taciturnity and roared his approval. Both band and Post made a great hit all along the line of

(Continued on Page 6).

MAN IS BLINDED, 100 MADE HOMELESS BY FIRE AT ROSSITER

Punxsutawney, Pa., Sept. 4.—Over 100 persons were made homeless and property valued at $50,000 was destroyed by fire of unknown origin which broke out late last night in the Smyerstown section of Rossiter, a mining town near here. It was the most disastrous fire in the history of the town. Harold Hawk, 18 years was burned so severely on the face that he was blinded. Flames bursting from a broken window leaped across the street and enveloped the youth.

Twelve homes and two stores, all of frame construction and built close together, were destroyed.

The fire started in the home of Joe Prevato and spread rapidly. The fire companies of Rossiter and Punxsutawney were handicapped by a shortage of water, following a severe drought in this section. The Clearfield Bituminous Coal Company flooded the creek from a private reservoir and enabled the firemen to get the flames under control at 5 o'clock this morning.

TOMORROW AND FRIDAY

The busy business man and Mr. Ordinary Citizen finds this a rather strenuous week. Everybody seems to be making an effort to take care of the day's work and appears to be getting away with it, but the fact of the matter is that Monday being a holiday sort of slowed up everybody, at least to the extent of it being a real job to get started yesterday morning. The necessity for postponement of the Altoona races further complicated matters for those who had parted with good hard cash for the coveted paste boards which enabled them to see men race—and get killed.

Most people got a little breathing spell yesterday but many were sufficiently interested in the future of Clearfield to go to the Commercial Club meeting to hear the N. Y. C. trunk line proposal outlined. Today all is calm on the Susquehanna, at least until six o'clock when the Rotarians will uncork some more things at the Jordan.

Invited to Tyrone

Tomorrow, however, is again a half holiday and at noon the ten thousand people of Clearfield, most of them at least, will be free to follow their own inclinations, but there is plenty to do. The great majority, of course, will stay at home doing odd jobs, perhaps visiting with comparative strangers, their family, but many will avail themselves of the generous invitation of the people of Tyrone to go over there for the afternoon. Tyrone believes that the opening of the new Lakes to the Sea Highway route should be properly celebrated and the are right about it too. The Lakes to the Sea Highway means much to this community and a great many men interested in the further development and future of this beautiful Susquehanna Valley will avail themselves of the invitation of the Tyrone people. This invitation is also extended to the people of all towns along the route. There will be no charge for anything and the amusements will be band concert, baseball and all kinds of sports. No one is being permitted to profit from the big time. Lunches will be served at cost. The whole purpose is to get to know their neighbors better in order that this section of the state may be able to work out some program which will bring to it the honors due it.

Races Here

For the amusement of the people of this territory tomorrow afternoon the Clearfield Park Association have contracted with a crew of auto racers to put on two auto races at the Park tomorrow afternoon. Refer to the ad. in this issue for details. Bill Osterhout of Ridgway with his sixteen valve Dodge will land in Clearfield this afternoon. Also Bill Yokem with his sixteen valve Ford from DuBois. Rhoads with a sixteen valve Dodge from Altoona. Deacon Litz from DuBois with his Special Nash. Litz took the big free for all at Lewistown on July 25th and qualified at the new Altoona speedway.

The N. Y. C. Proposal

Word comes from Williamsport today that the conference for the discussion of the N. Y. C. proposal will be held at Williamsport on Friday afternoon. Many of our business men who wish to go to Tyrone tomorrow afternoon welcome the news that the Williamsport conference will be in the afternoon instead of all day as at first proposed as that will enable them to go to Tyrone tomorrow afternoon, return to Clearfield for the night and then motor to Williamsport for the afternoon meeting.

Both the Tyrone and the Williamsport meetings are of vast import to this locality and all who can should go.

Mrs. Sarah Ardary and George F Vincent, Jr., returned from a visit to Philadelphia, Pottstown and Valley Forge where they visited relatives and friends.

Misses Flora Swales and Helen Smith spent Labor Day at Houtzdale.

INSTITUTE DIVIDED INTO 4 DIVISIONS IS PRACTICAL PLAN

Enables Each Teacher to Get Out of Institute Points In Which He or She Is Most Interested.

LECTURE TONIGHT

The opening exercises yesterday were conducted by Rev. C. E. Gibson of the 11th Street M. E. church, after which the Institute devoted a half hour to song drill. This was enjoyed very much by the teachers and many new songs were learned, which will be taken back to the "little red school houses" by the wayside.

The institute was then divided into four sections, viz. High School, Grammar School, Lower Grades and Rural. The High School section was addressed by Dr. Green on "Books That Bless." Good books are those that: 1. Help the brain; 2. Protect the Heart; 3. Lift the life. Books bless us in eight ways: 1. Give information; 2. Give inspiration; 3 Create lofty aspirations; 4. Affect and help our language; 5. Better preparation for service; 6. Open nature; 7. Bring sunshine and cheer; 8. Prompt to action. Dr. Beeler next addressed the High School section on "Readings Not in the High School Course of Study." He discussed four great problems, viz. 1. Helping Pupils to Find Life Work; 2. Social Activities; 3. Discipline; 4 Athletics.

The Grammar school section was addressed by Dr. J. Lynn Bernard, Director of Social Studies of the Department of Public Instruction, who conducted a round table conference on the Social Studies for grammar grades. This conference was very helpful for these teachers and many favorable comments were made on the work.

Miss Mary Heffernan, Specialist on Physical Education, from the Department, devoted one period each to the lower Grades section and the Rural section on the State's program for physical education in the schools. The ultimate goal of our system of education should be a strong, well-trained, educated mind in a strong body and it is the purpose of the State to have emphasized the physical side, the child's nature, as well as the intellectual. The work was supplemented by actual physical drills and games in the gymnasium.

The Lower Grades section was also addressed by Dr. Beeler, on "Youth and Its Meaning." Many practical thoughts were developed for the teachers on the great possibilities of the latent forces found in the youth of our land. Dr. Green addressed the Rural Section on "Words We Use," showing the different pronunciations, localisms and meanings of words.

In the afternoon the Institute with the exception of the High School section met in general session in the auditorium and was addressed by Miss Heffernan on Physical Education and its possibilities. She emphasized the importance of proper, healthful surroundings for our boys and girls, and also the responsibility of the home, the board of education, and the teachers.

Dr. Beeler, in his study with the teachers, showed the "Changing Concepts in Education" during the past 50 years. We have come to recognize the sacredness of childhood, rather than the sacredness of the course of study. The old metaphysical system of philosophy has given place to modern empiricism, and the doctrine of universalism has given place to individualism. He lastly emphasized the dignity of labor as a modern idea of education.

Dr. Green gave a study on how to read a book. He advised to read favor books, and read them critically instead of longitudinally. Also read receptively, desirously, imaginatively, determinately and to enter into the beauty of the language.

The lovers of fine music were given a rare musical treat last evening by the Adelphia Concert Artists. But rarely do the citizens of Clearfield have an opportunity to hear music of this class and those who were not present missed something really worthwhile.

Notwithstanding the downpour this morning, nine o'clock found nearly

TRINITY METHODIST ITEMS

Last Sunday resumption of active church work, following the so-called vacation period, was the "order of the day." The Bible School had its Missionary program under Henry B. Powell, Jr., the Superintendent of this work, with an offering of $71.51. In connection with the school's full period, Rev. E. C. Keboch, Conference Supt. of schools, brought a goodly message. Exceptional interest was centered in the Bible study, Paul the Apostle being the subject.

The morning congregation heard an exposition of 1 Cor. 3:21-22, in which was stressed the value of religious teachers, who taught vital, primal truth that can be tested not by logic alone but more in experience. For instance the atonement as presented by Paul, was less a link in a doctrinal chain and more of an appeal of a brokenhearted God, who went the limit of love to recover men to his favor and quicken them to love Him. The discussion of God's love was run out in two applications. Spurned, dishonored and disobeyed, it makes for the individual a more terrible hell of shame and torment than Dante ever dreamed and pictured, or Jonathan Edwards ever described for the sinner. Love was made the solvent of human conditions, untried yet, because the world ignoring Christ refuses the message of the Church, and employes with horrible failure war, legislature and force. Recognizing Labor Day, with its implications and consecration, class legislation was shown to be opposite to the mind of Christ, who loved in the range of the world.

In the evening from Micah 1:1, the pastor found an adaptability of the gospel to the peculiar conditions of every age and community. And he outlined some of those of this day—the pursuit of pleasure, not manly sports, but pleasure not far removed from dissipation and evil, the waste of money, notably the speedway, a flaunted contempt for God with lowering of moral standards and the use of place, family and wealth as a shield against any corrective or punitive movement.

The music of the entire day, in five numbers was special and contributed a distinct contribution to the profit of the people. Chorus, duets and solo parts were greatly enjoyed

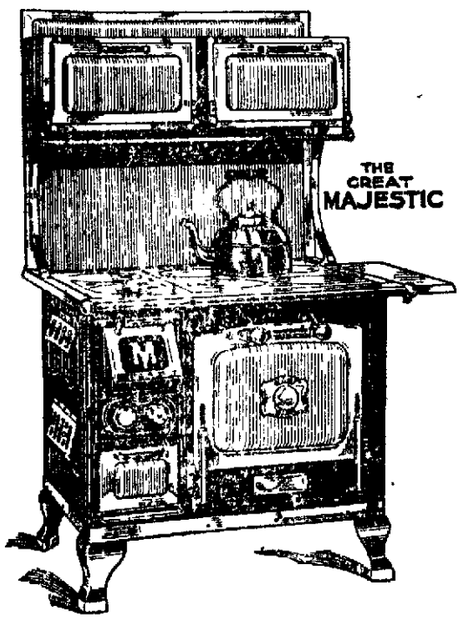

This week's events Wednesday night, congregational mid-week meeting, which will be open forum on our problem as a Missionary study, followed by official board meeting. Thursday, 3 p. m. business of Aid Society; 4, lunch- 20c, served by Mrs. John Hess' group. Next Sunday, memorial to Miss King in Bible School.

Dr. H. L Jacobs writes an informing article for the College number of The Epworth Herald, which appears in the current issue This paper is the young people's weekly, read whereever Methodism is organized.

Try a Progress "Want Ad"

YOUR OPPORTUNITY

This is your opportunity to place a **New 1923 Model Great Majestic Range** in your kitchen at a real bargain.
By all means don't fail to see the New MODEL MAJESTIC—it's the last word in modern range construction. Many, many improvements have been added to this already famous range and its graceful stream line beauty will please you immensely. Make it your business to drop in our store at least one day during our

SPECIAL EXHIBIT AND SALE OF

GREAT MAJESTIC RANGES

ONE WEEK ONLY

September 3rd to 8th

Ask your friends and neighbors to come with you—we are so delighted with the New Model MAJESTIC that we want everyone to see it. Come whether you buy or not. Let the factory representative, who will be with us all week, show you just how the MAJESTIC is made—inside and outside—show you the true reasons why this wonderful range performs, looks and lasts so much better than other ranges.

FREE-During this Exhibit Only

Look at these two fine sets of cooking utensils! Either set may be yours absolutely without cost, just for deciding to buy your Great Majestic Range this week instead of later.

Polished Solid Copper Set

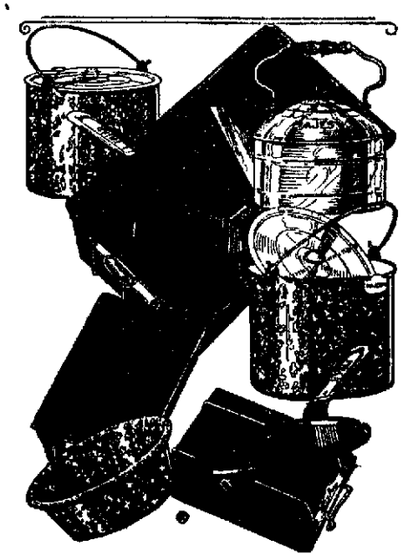

The set illustrated to left is of **pure heavy copper,** highly polished and of exquisite design. Every woman falls in love with it on sight—don't fail to drop in and see it.

Special Majestic Ware

This wonderfully serviceable ware, illustrated below, is well known by thousands and thousands of Majestic Range users, it is the highly prized, extra heavy, old time Majestic Set, same as furnished before the war.

Let the factory representative give you the opinion of an experienced expert. He will show you the many features of the new MAJESTIC that have gained for it the proud position of being the most dependable and beautiful range in America.
Reputation in a range is something to be carefully considered before buying, for reputation is made up of tests successfully passed.

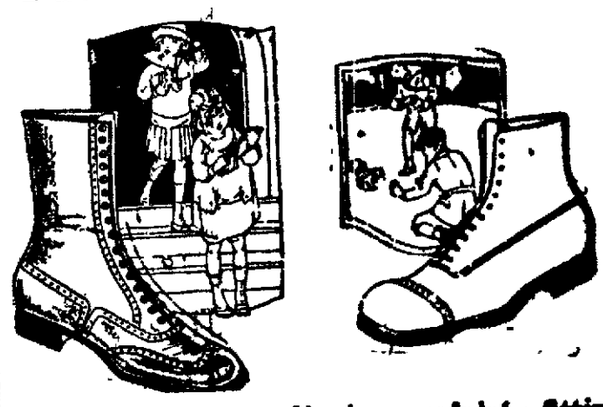

Choose the style of new MAJESTIC that meets your individual need and preference, the practical, durable, economic and matchless cooking qualities that have always distinguished the MAJESTIC ranges are the same in every type. In addition to its superior working qualities, the new MAJESTIC, by its handsome design and graceful artistic appearance, gives a touch of beauty to any kitchen. It is not only the best range to work with, it is the best to live with.

ODDS AND ENDS AND THINGS

By J. D. C.

The Susquehanna river has been lower this summer than for more than 60 years—in fact lower than at any time on record.

S. C. Jayne, of Berwick, Pa., has been marking the various "record lows" and "highs" of the river on the famous Black Rock near that town for more than 30 years, continuing a work begun on the rock face about 60 years ago.

The previous low for the river was in 1912 and the next 1889. It is possible that the river has never before been as low as this year.

Conditions along the stream with the consant denuding of forests and drying up of springs may mean that in another 100 years the river will be dry in summer, it is said.

* * *

The boys of John Shade Post of the American Legion, their band members and the friends who accompanied them to Reading last week greatly appreciated the generosity of three of our local dealers. When the special train pulled into the Pennsy station here the first stuff to be loaded was made up of 25 cases of coca cola from Callahan Brothers, two bushels of peanuts from Thorn Brothers and 500 pint cartons of ice cream from Woods Bros. Keystone ice cream factory. It all came in mighty handy on that journey.

* * *

Many Clearfield visitors to Reading found time while in the "pretzel capital" to drop in on a former Clearfield business man, who has more than made good since going to Reading more than 15 years ago. That man is Harry Ellis, the organizer and promoting head of the Nogar Manufacturing Company, a concern which manufactures clothing from a patented water-proofed cloth, which is being sold in every section of the United States, Canada and Mexico. Nogar clothes consists of coat and trousers and are being extensively used by sportsmen and outside workers.

The concern has its factory in a large three story brick building finely located in the manufacturing district, and turn out eight thousand of these suits per week. They are sold on a mail order plan and all go out C. O. D. Between two and three hundred people are employed in the plant at present, while plans are under way for greatly enlarging the capacity.

Wherever you go into any town on the map you always find some former Clearfielder up in the front rank helping keep the place right up in the procession, and Harry Ellis is doing just that down at Reading.

INSTITUTE DIVIDED INTO 4 DIVISIONS

(Continued From Page One)

all the teachers in their places, ready for work. The County Directors' Convention convened this afternoon with a large number of directors present.

This evening Dr. Lewis Conviss, of Chicago, traveller and lecturer, will lecture on "The Building of a Race." Don't fail to hear him. This is the last evening entertainment of the institute.

MICKIE SAYS—

Boy and Burning Deck.

Returned Naval Hero—"The next thing I remember was the order, given by the admiral himself, to flood the magazines." Listener—"Yes, and every one of you, from the admiral down, is still engaged in carrying it out."—Tatler (London).

To Be Laughed At.

"The Spaniard gets little amusement from hearing his language spoken by foreigners," says an evening paper. Unlike the Scotchman, who loves to hear you pronounce Auchtermuchty, or Ardnamurchan.—London Humorist.

TRUTH TRIUMPHS

Clearfield Citizens Testify for the Public Benefit.

A truthful statement of a Clearfield citizen, given in his own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ills, use a tested kidney medicine.

A Clearfield citizen tells of Doan's Kidney Pills. . . .

Could you demand more convincing proof of merit? Ask your neighbor!

Lewis E. Wise, miner, 404 River St., Clearfield, says: "While working in the mines I was caught with a pain in my back. I couldn't do any lifting or anything that caused me to bend over. I had no appetite and the pains in my limbs were severe. Doan's Kidney Pills being highly recommended to me I began their use and I noticed a change in my condition before taking half a box. On finishing two boxes of Doan's the pains in my back and lameness were all gone."

Women Are Taller.

The exact date of the birth of W. H. Hudson, English naturalist and novelist, is not known but it is somewhere during the middle of the last century. He was born and spent his boyhood on the pampas of the La Plata. He was the son of English emigrants. He died in London some August or other.

Perfect Woman's Figure.

Seventy-five per cent of the women are below the 36 standard and the rest are over. The perfect 36 figure should measure 19½ inches inside the sleeve measure. The line down the back from the base of the collar to waist line should be 15½ inches.

To Relieve Canaries of Vermin.

Canary birds are often covered with vermin. They may be relieved of them by placing a clean white cloth over their cage at night. In the morning the cloth will be covered with minute red spots so small that they can hardly be seen with the naked eye. These are the parasites a source of great annoyance to the birds.

Vats Were Built to Last

Workmen excavating a sewer on Pine street Portland, Me., unearthed tanning vats that are at least 150 years old. Pine pegs of which the vats are constructed are as sound as the day they were put together. A small [illegible] that was found in one of the vats

THE HARD COAL STRIKE IS GOING STRONG

Let us fill your coal bin before the coal scarcity strikes here. It will soon make itself felt in the soft coal region which means higher prices and scarcer coal. Act before it is too late.

Woods Telegraphs

(Continued From Page One.)

Following the earth shock Saturday, injuring Commander Webb of the United States navy, and burying members of the staff in the ruins, according to refugees who reached Kove yesterday. The first account of the horrors in the stricken area reached here by wireless, which Consul Dickover at Kove forwarded to Pekin.

Five hundred foreigners, including a number of Americans, are feared to have perished at Yokohama and Tokio. The Yokohma Club collapsed and only a handful of foreigners who were in it at the time escaped.

Besides Acting American Consul Kirjasoff and his wife, others who are understood to have lost their lives in Yokohama include American Vice Consul Jenks, Commercial Attache Bassett, Edwin Wheeler, J. D. Hollister, Captain Simpson and Mrs. Root of California. Also Mrs. Mentel and two daughters.

The French orphanage was destroyed and 15 sisters and 150 children have perished in the ruins, according to stories of survivors. The French consul general was killed, as was the former Mexican Consul Henrique.

San Francisco, Cal., Sept. 5.—Nearly 250,000 persons are dead in the Japanese disaster, it is estimated by Admiral Anderson, commander of the United States Asiatic squadron.

Anderson, who is rushing to Japan aboard his flagship, the Huron, to take charge of relief work, gave his report in a wireless to Admiral Eberle at the Twelfth Naval District here.

An announcement from the Japaneses home office received here officially estimated the number of dead in Yokohama at 110,000 and at Tokio at only 10,000. The injured are innumerable.

There were 273 earthquakes in Japan on Saturday and Sunday, a wireless dispatch said.

Restoration work has already been started in Tokio. Street lights have been restored and the water system was put in working order on Monday night.

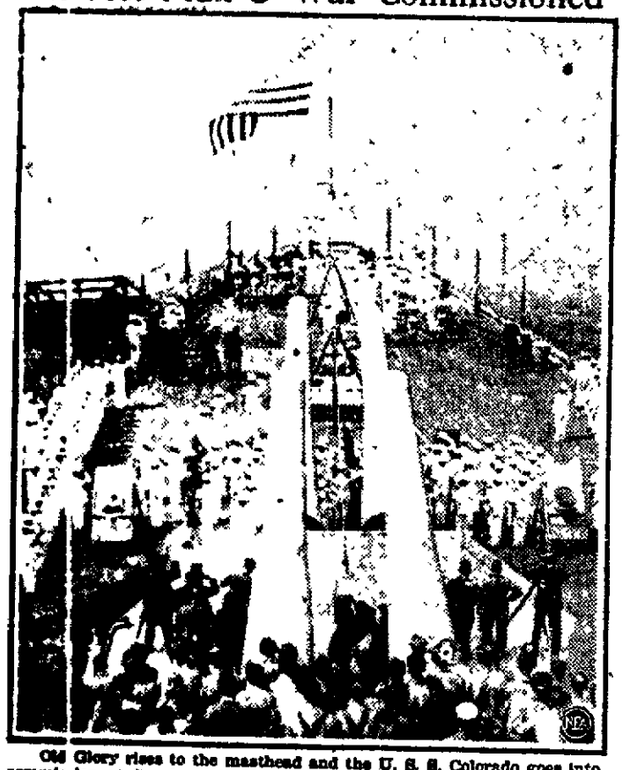

Washington, Sept. 5.—A golden stream of sympathy and practical relief poured in today to Red Cross headquarters as the American people rose generously to meet the needs of a stricken people, half way around the world.

Sharers in Japan's sorrow by reason of the loss of American lives Americans all over the country responded instantly to the Red Cross $5.000 000 relief fund appeal.

Several hundred thousand dollars were contributed within an hour after the Red Cross executive committee had announced its decision to ask the nation for $5,000,000. Every Red Cross chapter in the land today became the fountain head of a stream of mercy, the waters of which were the practical dollars and cents charity of the American people.

Certain of the response of this people, the Red Cross is going to send the $5,000,000 asked for just as rapid ly as arrangements can be made for transporting food, medical supplies and other necessities to the devastated cities.

Newest Man-O'-War Commissioned

Old Glory rises to the masthead and the U. S. S. Colorado goes into commission at Camden, N. J. Most powerful seafighter we have, it is the last to be built under the five-power naval agreement entered into at the disarmament conference at Washington.

Have You Money To Invest?

Our Bond Department is conversant with the investment situation. It is in touch with the financial centers and knows the issues that are being offered.

It has purchased for the bank some of these bonds. It offers to customers only such securities as the bank would purchase for itself.

If you wish to make an investment we shall be glad to give you information from our files.

We shall appreciate an opportunity to suggest a list of bonds if you will call at the bank or write us.

What Little Boy Can Name the Season Just Closed?

Torch of One's Own.

As Plutarch tells us, "It is well to go for a light to another man's fire, but not to tarry by it, instead of lighting a torch of one's own." A torch of ones' own! That is a possession worth having, whether it be a flaming beacon on the hilltop or a tiny taper in the window. We cannot tell how far a little candle throws its beams, nor who is laying his course by its flickering light. The most that we can do—and it is also the least that we should do—is to tend the flame carefully and to keep it steady.—Brander Matthews.

In the Grass Family, 10,000 Species.

There are ten thousand species of grasses, of which 1,900 are native to the United States. Members of the grass family are distributed throughout all the zones of the earth, and vary in size from a few inches in height to vegetable forest trees towering 300 feet and more.

Giant Among Berries.

The Columbia berry, the largest berry yet discovered, measures as much as 2½ inches in length by 1½ inches in thickness, and was introduced in 1921 into this country from its home high up in the Andes.

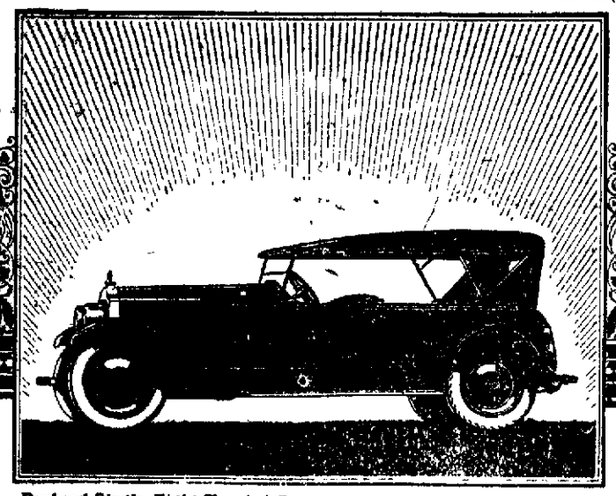

Thought for the Day.

Some people get pleasure even out of disaster, if only they can say, "I told you so!"

Real Meaning of Cheer.

According to one authority, when we shout "hip, hip, hurrah!" we really say "Hierosolyma est perdita (twice), Hosannah!" This was the triumphant cry when Jerusalem fell, the initials of the words becoming "hep" and then hip; Hosannah became huzzah and then hurrah. It sounds ingenious—but far fetched.

Packard Single-Eight Touring Car

New principles of engineering place the Packard Single-Eight beyond comparison with any automotive product either at home or abroad, and are responsible for riding and performance qualities hitherto unattained.

This *new* companion of the famous Single-Six, by its mechanical perfection, eliminates vibration to an unprecedented degree.

So exceptional a creation for luxurious travel cannot adequately be described, but all its amazing qualities will immediately reveal themselves if you will accept our invitation to sit behind the wheel of the Single-Eight.

Progress Editorial For Women

LAUGHTER AND TEARS

By FLORENCE DAVIES

"Laugh and the world laughs with you,
Weep and you weep alone."

The popular and well remembered lines of the poet are only partially true, or, shall we say only poetically true.

As a plain matter of fact we neither weep alone nor laugh alone. Not that we cannot, of course, practically speaking, but as a distinguished pedagogue points out, "One cannot weep if there is no friendly bosom to support one's bowed head, no soothing touch to wipe away the tears."

He was saying that of children, pointing out that the child measures the world in terms of himself. But it is not fundamentally more true of children than of grown-ups. Each of us is the center of his or her universe and we are all of us interested deeply only in ourselves. The world about us is a good world or a bad world, according as it treats us.

We laugh or weep in relation to [illegible] a most of us, but after all, the [illegible] reason of only sharing [illegible] the world our joys and sorrows. What [illegible] there no friendly shoulder on which [illegible] to weep, no kindly hand to brush [illegible] tears away, as the [illegible] neither would there be [illegible] weeping in the first place, no [illegible] cause us tears.

The poet is right when he says that the world laughs with us, but only for the very good reason that we cannot weep alone. [illegible] laugh if there is no one [illegible] or with, no one to [illegible] selves and for [illegible] joy of our laughing, and the light of our smile?

So, unless you love weeping for weeping's sake, you may not weep to yourself alone. Weep and the world that set you weeping is unconcerned to minister to your thirst. Just as, laughing, you make the old world reflect back your laughter.

Pity the Homeless Man.

A man who in the struggle of life has no home to retire to, in fact or in memory, is without life's best rewards and life's defenses.—J. G. Holland

TURN ME OVER

Protecting Turkeys From Coyotes.

In certain parts of the West [illegible] of domestic turkeys on frontier [illegible] are protected from attacks by coyotes by tying small bells to the necks of the gobblers. The tinkle of these bells is sufficient, in most cases, to keep the animals away, while not infrequently unprotected flocks which have wandered far from home are annihilated by the beasts.—Popular Mechanics Magazine.

Greatest Masonry.

The famous Washington monument has been called the best piece of masonry in the world. Its interior is 25 feet square, while the exterior is 55 feet square. This shows the tremendous thickness of the walls. The foundation of the shaft is 80 feet square and it is set in solid rock eight feet below the surface of the earth. Many nations, as well as other states and individuals contributed stones to its construction. Its walls, therefore, contain interesting stones from all parts of the world.

Violin Varnish.

Dissolve twelve parts of sandarac, six parts of shellac, six parts of mastic, three parts of elemi gum in one hundred and fifty parts of alcohol, warm when dissolved and add six parts of Venice turpentine. Color to match the old varnish with Brazil wood and dragon's blood gum.

[illegible]

[illegible] using charcoal [illegible] in Austria have been reopened after [illegible] [illegible].

Just Thinking.

Jud Tunkins says a man who thinks life ain't worth living is generally engaged in making it seem that way for the other [illegible].

CLEARFIELD WELL

(Continued from Page 1.)

march, while Judge Kenesaw Mountain Landis, the czar of baseball, simply danced up and down and howled his approval as the Clearfield delegation marched past the reviewing stand. The judges also picked Clearfield out of the long line of marching stalwart young Americans for special mention, the only delegation so honored.

A Glorious Defeat.

Clearfield again shone in the convention, where a strenuous battle was waged throughout the long sessions for the position of State Commander. The local candidate for that position was J. Mitchell Chase, commander of John Shade Post. He and his campaign committee put up a wonderful fight and while they went down to defeat, they did so like Jim Bludso, with their "boots on" and their faces to the foe. Little old Clearfield met Philadelphia, Pittsburgh, Scranton, Harrisburg, Reading and the other big cities of the Commonwealth and, battling for a principle, came out of the gruelling scrap with clean hands, and with nothing to regret. Clearfield Post and Commander Chase made their fight for a principle and "stayed with the text." They deserve great credit.

In order that the folks back home may get a slant on how the battle was waged, we present herewith a detailed statement of the balloting in the fight for commander. The representatives or delegates entitled to seats in the convention were made up or apportioned according to Congressional Districts, and there was a total of 499 votes in the convention. Of course the Philadelphia and Pittsburgh candidates started in with a big advantage and when they finally combined their strength on the fourth ballot the Pittsburgh man won out. Following is the result of the balloting:

How They Voted.

Bacon, Harrisb'g	63	39	...	...
Chase, Clearfield	86	111	106	113
Collins, Pittsb'gh	131	169	182	230
Dervin, Phila.	111	103	101	151
Muhlenb'g, Read.	53	74	107	...
Ross, Scranton	51	...	...	...

After the first ballot the low man was dropped each time.

Fought For Principle.

Had the Clearfield delegation been willing to barter, dicker and pull and haul politically, things might have been different. They refused to do so because the cardinal principle of the American Legion is "no politics" in the Legion. We honor the boys and Commander Chase for their stand and the fight they made.

Awarded Handsome Silver Loving Cup

The famous "40 and 8" organization awarded John Shade Post a large handsome silver loving cup for having the greatest number of men in line of parade, taking into account the distance traveled and the boys are very proud of it.

Reading All Right.

The Reading people were royal entertainers and the entire trip was highly enjoyable. Next year's convention will be held at Greensburg and Clearfield's Legionaires will be on hands with "bells on." Let's all go.

Want Band Back Again

That the American Legion Band was appreciated by Reading folks is shown by the fact that the committee on music for the 175 birthday anniversary of the city of Reading, which is to be held the first week in October, asked Business Manager Shaw for his terms for the band on this occasion and want them back for this big celebration. Some recognition in view of the large number of city bands present.

In Washington Tomb.

The tomb contains, besides George Washington and his wife, Maj. Lawrence Lewis, Mary Lee Washington Herbert (a child of Rev. W. P. C. Johnson), Mrs. Jane Washington, Judge Bushrod Washington, Ann Washington (his wife) and John Augustine Washington.

Really a Bad Habit.
A newspaper down in Maine, in telling of the death of a man through being struck by a railroad train, adds that "it will be remembered that he met with a similar accident a year ago." It is to be hoped that the habit which he appears to have contracted will not become chronic.

Washington Educational Center.
The District of Columbia is the largest center of learning in America, with its 100,000 pupils in colleges and schools, public and private. To familiarize one's self with the historic past of Washington is an education in itself.—Washington Star.

Tom Sims SAYS---

Bandit talked politics as he robbed a train in Oklahoma. Probably a reformed politician.

A shop lifter entered a St. Louis store and got a nice fur coat and four months.

Cuba can pay her war loan. A few bootleggers could pay ours.

New Jersey couple knew what one wedding gift was anyway. It was a live elephant.

Big boarding house burned in Washington, which is that many less bedbugs in the world.

Two men ages 63 and 65, fell out of a Brooklyn tree, so perhaps an old maid was after them.

Times change rapidly. Somebody horsewhipped a Ludington (Mich.) man who was not an editor.

Captured a barrel of real hard cider in Montgomery, Ala. Carried away a barrel of fun.

Fruit juices are so contrary. They had rather ferment than jell.

Portland Oregon, reports improvement. Judge sentenced two sheiks to get their hair cut.

Pigeon flew from Grand Canyon to New York. Will find New Yorkers yawn greater than Grand Canyon.

Bootleg booze costs $20 a quart in Savannah, Ga., the crooks.

Two Kansas City Girls are suing their father for $31,800. He is getting off light.

NOTICE OF HEARING
To James McAvinew, last heard from, in Okmulgee, Oklahoma:
Notice is hereby given that Mary McAvinew, your wife, has presented her petition to the Court of Common Pleas of Clearfield County, under the provisions of the Art of Assembly approved the 24th day of May A. D. 1293, Art No. 238, praying the Court that the order of support obtained against you to No. 37 September Sessions 1917, Court of Quarter Sessions of Clearfield County be certified to said Court of Common Pleas and that a day be fixed for a hearing to determine her share or interest, as provided in said act, in real estate situate in the Township of Morris, County of Clearfield and State of Pennsylvania, owned as tenants by entireties by herself and yourself; and that the said Court has fixed Monday September 17th, 1923 as the day for a hearing thereon at which time you may attend and be heard if you think proper.
M. WARD FLEMING,
Philipsburg, Pa.
Attorney for Mary McAvinew, Petitioner.

Indians Liked Them
In dry woods, particularly in the shadow of the hemlock, grow the rattlesnake plantains, the tufts of their gray-green leaves delicately marked with netted veins, says Nature Magazine of Washington. The resemblance to the markings on a snake is really responsible for its name, but the Indians once supposed it to have curative power for the bite of a rattlesnake. The two species common in the eastern states are the lesser rattlesnake plantain and the downy rattlesnake plantain.

Birds of a Feather.
Rev. Mr. Smith, rector of a fashionable London church, was induced to preach at a well-known prison. When in the vestry he said to the prison chaplain: "Now I have come, I don't know what to say to your convicts." The chaplain replied: "Preach exactly as if to your own congregation—remember my people have been found out; yours have not."

All Kinds of Whiskers.
Whiskers are a variable ... The closely trimmed whisker, ... ing to the lobe of the ear on an otherwise clean-shaven face, was long a favorite among sporting men. ... lower down the jaw, the whisker changes character and develops into "mutton chops" that blossom in a bushy manner. Still more pronounced are "Picadilly weepers" of the Lord Dundreary kind. This last and the mutton chop are worn with a mustache, while John Bull shaves everything except his ...

Find Pleasure in Work.
If you want knowledge you must toil for it. If pleasure, toil for it. Toil is the law. Pleasure comes through toil and not by self-indulgence and indolence. When one gets to love work his life is a happy one.—Ruskin.

What This Buffalo Physician Has Done For Humanity
The picture which appears here is Dr. Pierce of Buffalo, N. Y., was taken in 1910. As a young man Dr. Pierce practiced medicine in Pennsylvania and was known far and wide for his great success in alleviating disease. He early moved to Buffalo and put up in ready-to-use form, his Golden Medical Discovery, the well-known tonic for the blood. This strength builder is made from a formula which Dr. Pierce found most effective in diseases of the blood. It contains no alcohol and is an extract of native roots with the ingredients plainly stated on the wrapper. Good red blood, vim, vigor and vitality are sure to follow if you take this ... Extract. Dr. Pierce's Golden Medical Discovery clears away pimples and tends to keep annoying eruptions ... the complexion fresh and clear. This Discovery corrects the disordered conditions in a sick stomach, aids digestion, acts as a tonic and purifies the blood. Write Dr. Pierce's Invalids Hotel in Buffalo, N. Y., and receive confidential medical advice without charge. All druggists sell Discovery, tablets or liquid. Send 10c for trial pkg.

V. B. Zeigler, Personnel Manager.

NewspaperARCHIVE® NewspaperARCHIVE®

Curwensville's Own Column

(Isaac Mitchell and family, of Altoona, came to Curwensville Saturday evening and remained over Labor Day at the home of Mr. and Mrs. Geo W. Rapp, South Side.

Harry Keighley, wife and son Linwood, of Washington, D. C. spent Sunday and Monday at the home of Mail Carrier Bill Johnson.

Miss Alice Woodward, mother of Coalport, dropped in Curwensville stores on Saturday, as also did Mrs. Kendall of the same town.

The funeral of Samuel F. Bailor, who passed away from earthly life on last Thursday morning, August 30th was held from his home in Pike township Sunday afternoon, Rev. Collins delivering the scriptural discourse. Deceased was born in Franklin Co., on May 6th, 1841, and lived there until a couple after his marriage to a Miss Mills Mahaffy, who survives him. The family removed to Clearfield county some fifty odd years ago, residing in different sections until coming into this vicinity. He was a hard working and industrious man, until old age overtook him which incapacitated him from heavy work, but still working at some light labor which enabled him to support himself and aged helpmeet in comparative comfort. Besides his aged widow these are the children who yet survive him, Mary Goodlin, residing in Harrisburg; Robert, Lumber City; William and Bryan Pike township; Mrs. Annie Holder, Curwensville; Ella Busch, Carbon Mines, all of whom attended the last sad rites and followed the remains of their dead parent to the graveside. Funeral Director Doverspike had charge of the remains and convey of them to Plainview (Quaker) cemetery for interment.

Mrs. [illegible] and three children, of Osceola, spent the week end at the home of [illegible] Aughenbaugh, South Side.

Mrs. [illegible] attended the funeral of [illegible] Witherow, an aged citizen of [illegible] Knox township, Sunday afternoon. The deceased was an old time resident of that section of the county and was well known by nearly every resident of Knox township.

Mrs. A. M. McMullin and a Mr. Edwards of Scranton, Pa., spent Labor Day with their son and brother on South Filbert street.

Harry Cassler and wife who have been absent from town for several weeks, and who have about recovered from injuries received in an automobile accident, have returned to their Curwensville home.

Paul Zeiler and his sister, both of whom have been engaged to teach in different departments of the borough schools, arrived in Curwensville a few days ago and have taken up quarters in rooms at Mrs. Carrie Snyder's home, East George street.

The Yellow Dogs held a short cut initiatory meeting in the school house last Friday evening and instructed a few curs in the ways of lousy dogdom. 'Satire' Caldwell, who in age is up in the eighties, though not too old to follow a scent if rain had not fallen on it, was admitted to a membership in the kennel. He was not on the tail end of the big dog parade Monday forenoon either, but kept right up in the head of the long procession. He thinks he will try and become a full fledged member of the auxiliary "Blue Kittens" when it is organized.

Several of Curwensville's citizens, who have a wild sportive streak in their system, went over to Altoona Monday to see the automobile races, and look upon other things that struck their fancy.

Tom Reed and family were over from Osceola Sunday and spent the greater part of the day with Mr. Reed's parents, Mr. and Mrs. V. M. Reed, North Pine street.

Mr. and Mrs. A. R. Shiek, and son of Williamsport; Mrs. Ellis Kester and young daughter of Valley Falls, N. Y.; Miss Gussie Gardlock, of Olean, N. Y., and Paul Gardlock and family of Warren, O., all spent the past few days at the home of their parents, Mr. and Mrs. Cris Gardlock, of the South Side. This is the first time in 15 years that all the family have been at home at one time and they all enjoyed the time very much. Mr. and Mrs. Paul Gardlock were accompanied here by Mr. Kelly of Warren, O.

Edward Smith, of Philadelphia, visited at the home of Warren Kephart several days this week.

Messrs. Emory Daub and Martin Ardary left for a week's pleasure trip to Atlantic City yesterday.

William Butts of DuBois and Miss Frances Mapes of Clearfield, were Curwensville visitors Monday and Tuesday.

Joe Mehaffie and wife, residents of Altoona, came over the newly finished state highway and spent Labor Day with relatives.

"Peck" Ammerman, wife and children of Hamilton, Armstrong county, accompanied by Albert Murfett, of Kittanning, and Miss Hayes, a professional nurse, of Haverhill, Mass., dropped into Curwensville Sunday and took in the Labor Day celebration.

Lew Lewis and wife, who formerly resided in this place for a number of years, but removed to New Bethlehem some dozen years ago, were Labor Day visitors with friends here.

George R. Fleming, the man who takes care of Oak Hill cemetery, has taken a week off from his labor and gone to the Indiana fair. He has just recovered from a sick spell which lasted more than a month.

A beautiful home wedding was solemnized at the residence of Mr. and Mrs. Ai McNaul, 322 State street, Tuesday, September 4th. Promptly at 11 o'clock a. m., the bride, Miss Wava McNaul, entered the room on the arm of her father, Ai McNaul, to the strains of Lohengrin's wedding march played by the bride's cousin, Miss Nell Virginia McNaul, the Rev. John C. Collins, of the Methodist Episcopal church reading the ceremony which made the bride the wife of Mr. Gustav Johnston. The only attendants were Mr. and Mrs. C. A. Irvin, of Philadelphia, the lady being a sister of the bride. The single ring ceremony was used, the couple standing under an arch of palms, ferns and roses. The bride wore a blue traveling dress and carried in hand a beautiful corsage of roses, lillies of the valley and orchids. Immediately after the ceremony a wedding breakfast was served, the color scheme being pink and green. Following the wedding feast, the bride and groom left Curwensville by motor car for an extended trip through the Berkshire mountains, making a short stop in New York City and again at the home of the groom in Springfield, Mass. The out-of-town guests were Mr. and Mrs. W. O. Johnston, Springfield Mass.; Dr. and Mrs. C. C. McNaul Altoona; Mrs. C. W. Irvin, Sunbury; Mr. and Mrs. C. A. Irvin, Philadelphia; Mr. and Mrs. S. P. Carter, Altoona; Mrs F. V. McCoy, Altoona and Miss Ruth Hatton, DuBois. Mr and Mrs. Johnston will be at home to their friends after October 1st in Philadelphia.

Mrs. Ed C. Bilger and daughter Miss May, Mr. and Mrs. Arthur Zeitler and daughter, Oscar Bilger and wife, all of New Castle, came up to their old home town to see friend and relatives and carry back home with them the news of what a big Labor Day Curwensville could celebrate when the town had such wheel horses as the Yellow Dog organization to stand behind all of the proceedings and general activities.

Mr. and Mrs. Charles Anderson and daughter have gone to Endicott, N. Y., for a week's vacation trip.

Wanted: Plain sewing to do at home. Children's preferred. Mrs. Bruce Draucker, 703 Anderson street, Curwensville, Pa. 9|5|3t|ch

ZOLLARS—WILSON

At 10 o'clock this (Wednesday) morning, in Trinity Methodist church the pastor, Rev. Horace Lincoln Jacobs, married with the ring ceremony George Sheldon Zollars, of Marianna, Pa., and Almeda Romayne Wilson, of Bigler, Pa. Friends witnessed the nuptials. In their car Mr. and Mrs. Zollars started on their wedding trip through New York state by the Falls down into Pennsylvania to their home in Marianna.

Many to Be Remembered.

Billy Dick, having lived in four different families, was saying his prayers, closing with "God bless my friends and all my parents."

A New Novel By Booth Tarkington

The Midlander

A novel by Booth Tarkington is always the literary event of the year. You can read his newest one *before it is published in book form!* For it begins in the October issue of

THE LADIES' HOME JOURNAL

It will be complete in four installments! In fact, each of the eight full-length novels coming during the next 12 months will finish in four or fewer issues!

Generous installments of serial, so that you're not reading one story for many months. Isn't that what you've always wanted?

Following "The Midlanders" come novels by Zane Grey, Sophie Kerr, Joseph C. Lincoln—and others. And, of course, fiction is only *one* feature! Besides the serial and four short stories in October, Otis Skinner begins his reminiscences and Margaretta Tuttle begins her series on women successful in business.

There's a lesson on how to make your afternoon dress, and fashions for the business woman who buys her clothes. May I call and tell you about still other features? Only $1.50 pays for 12 such numbers!

LIBERTY THEATRE ONIGHT

A GEO. MELFORD PRODUCTION

"The Faith Healer"

By William Vaughn Moody

Photoplay by Mrs. William Vaughn Moody and Z. Wall Covington

The man's was a world of green-clad hills, where he lived with his flock and his dreams.

The woman's a world of folly and pleasure, where virtue and dreams are lost.

And when their two worlds met—

A story that shows how big and beautiful human life can be.

COMEDY

Buster Keaton in "THE ELECTRIC HOUSE"

Women to attract must

Radiate Health!

BEAUTY is the magnet which draws all eyes—and back of beauty—Health—working silently.—Red blood tingling through the veins;—the glow of youth in the cheeks;—the spring of eagerness, of vim, of vitality in the walk;—the ever graceful air, unrestrained by care or worry—All the charms of beauty. All the works of health.

Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps—wondering—hoping—praying for that attractiveness that is not theirs.

But why the wondering—the hoping—the praying for that craved-for attractiveness—that beauty. Good looks is the barometer of one's condition. Good health radiates beauty. S. S. S. purifies the blood—creates new red blood cells—rids the system of impurities which make beauty and attractiveness impossible. As women to attract must radiate health so must they keep their systems free from impurities and their red blood cells ever increasing. S. S. S. does both.

S. S. S., since 1826, has been ridding the system of impurities—pimples, blackheads, boils, eczema and rheumatism—building red blood cells—aiding women to be attractive by radiating health. S. S. S. is made of carefully selected herbs and barks, scientifically prepared and proportioned. All good drug stores carry S. S. S. It is more economical to purchase the large size bottle.

Misses Gussie Endres and Julia Duckett have returned home after spending Labor Day at Houtzdale.

Mrs. Alice Bloom of Curwensville has returned home after several days' visit at the home of D. D. Long.

Keep Fit.

Good health is essential not merely to enjoyment of life but to making the most of life's opportunities. Good physical and mental condition is the prerequisite of straight thinking and logical conclusions. "Keeping fit" should first engage the attention of every one.

Monarch's Golden Carriage.

The most valuable carriage in the world is preserved in the palace of Trianon at Versailles. It was constructed for Charles X of France. From pole to hind wheels the coach is thickly covered with gold and cost more than $200,000.

Cheerfulness an Obligation.

Cheerfulness should not be a matter of mood. It is an obligation which we owe to those about us. And gloom, being an infectious disease, cannot be quarantined too strictly.

Thought for the Day.

So many people are more interested in the income than they are in the outcome.

South Australia's Most Ideal City.

Adelaide, the capital of South Australia, is a "model city" laid out with a central town in perfectly square blocks, containing public and business buildings. Outside of that is a belt of public parks and gardens and beyond the latter are the residence suburbs.—Cleveland Plain Dealer.

HEARNE WINS At ALTOONA On Firestone GUM-DIPPED CORDS

SPECIAL DISPATCH FROM ALTOONA SPEEDWAY, SEPT. 4: "EDDIE HEARNE IN A DURANT SPECIAL WON TODAY AT AN AVERAGE TIME OF ONE HUNDRED ELEVEN AND FIVE TENTHS MILES PER HOUR, ESTABLISHING NEW RECORD FOR CARS OF 122 CUBIC INCH DISPLACEMENT. WONDERLICH, LEWIS, COMER AND HILL FINISHED IN THE ORDER NAMED, MAKING FIRST FIVE TO FINISH ON FIRESTONE GUM DIPPED CORDS."

Repeating their triumphs at Indianapolis and at Kansas City Gum-Dipped Cords scored again today in the first race on the new Speedway.

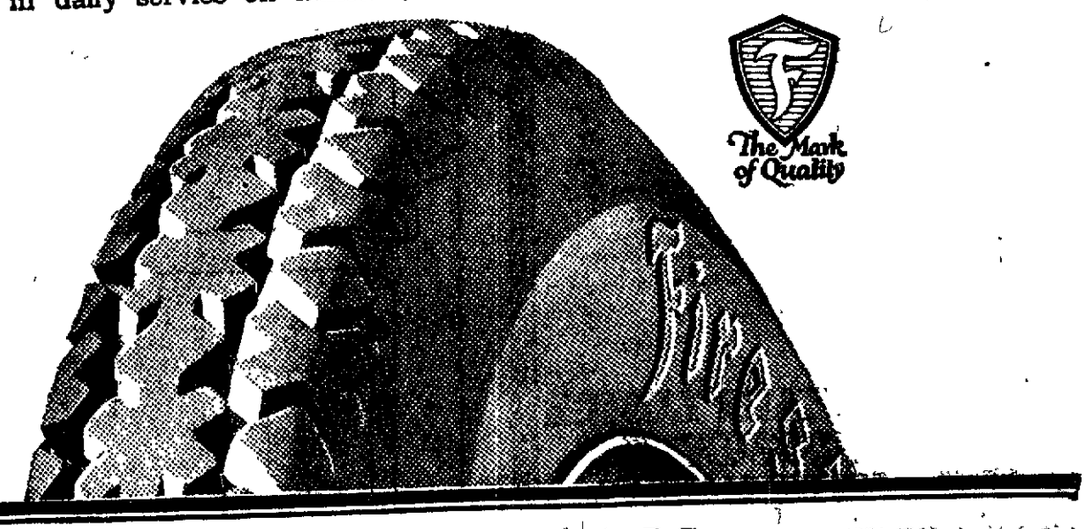

Carrying the foremost racing cars piloted by the most famous drivers in the world, Firestone Cords proved more than equal to this supreme test.

The stout, gum-dipped cord carcasses and the thick, scientifically compounded treads easily withstood the heat, terrific speed and grinding wear.

Just as in daily service on taxicabs, motorbuses and passenger cars Firestone Gum-Dipped Cords live up to the highest expectations of millions of users, so today they again justified the confidence of the world's greatest drivers.

It merely showed, once more, Firestone's ability to build the finest tire ever produced, and to set new standards year after year.

You can get this extra value—longer mileage and greater dependability—by letting a Firestone dealer equip your car all 'round with Gum-Dipped Cords.

"CAL'S" THRIFT IS STRONG APPEAL TO G. O. P. TREASURER

Upham Says Coolidge Would Be Able to Put On Presidential Race Cheaper Than Others.

JOHNSON IS IN ON IT

New York, Sept. 4.—Frederick W. Upham, of Chicago, treasurer of the Republican National Committee, returned from Europe yesterday on the Leviathan with the prediction President Coolidge will be nominated in 1924 to succeed himself. That is, provided he seeks the nomination and has a chance in the meantime to demonstrate his ability.

"He will be in the position of the pole-horse because he will go into the convention as the reigning head of his party," said Mr. Upham.

To the man who holds the strings of the G. O. P. money bags, President Coolidge would be an ideal candidate for the party for 1924.

"Because he's light on his expense account and doesn't know what a swindle-sheet is," he continued.

Upham cited this as one of the qualifications which made the President popular with him in the days when Calvin Coolidge was only an industrious servant of the party.

"I never knew a man who would go out and make a couple of campaign speeches and send in as small an expense account as 'Cal,'" said Mr. Upham. "He didn't know what it was to pad an account.

"Even as Vice-President he refused to travel in a Pullman drawing room. 'A berth, upper or lower, is good enough for me,' he would say; 'the funds of the party are sacred.'

"He was a rare politician in that respect."

Senator Robert M. La Follette, of Wisconsin, who will come into the convention with Wisconsin, Minnesota, Michigan, the Dakotas and part of Iowa solidly for him; Senator Hiram Johnson, of California, and former Governor Frank Lowden, of Illinois, must be considered, and Governor Pinchot, of Pennsylvania, might loom up as a "dark horse," added Upham.

Albert D. Lasker, former chairman of the Shipping Board, will be Johnson's political manager, said Mr. Upham, who referred to him as the "Barney Baruch" of the Republican party.

Charles D. Hilles, formerly chairman of the Republican National Committee, who also arrived on the Leviathan, said he thought there will be a moratorium on Presidential candidates for at least sixty to ninety days because of the death of President Harding.

President Coolidge, occupying the Presidential chair, has no doubt an advantage over any other possible candidate, said Mr. Hilles, but Senator Hiram W. Johnson would undoubtedly enter the convention for a fight to a finish.

MOTHER OF FORMER LOCAL TEACHER KILLED

Clearfield friends of Wyndell F Woodring, a former Clearfield school teacher, were shocked to learn today of the death of his mother, Mrs. Margaret Woodring of Allentown, Pa., in an automobile accident which occurred at Hamorton, Pa., yesterday.

Wyndell Woodring was driving the car. In turning out to pass another car he ran off the concrete onto the soft earth and in attempting to turn the machine back onto the road the car overturned, pinning Mrs. Woodring beneath the frame work of the car and the edge of the concrete, instantly crushing her life out.

Mr. and Mrs. William Fontenoy and son Wilbur, accompanied by Miss Mary Malloy, have returned from a delightful trip to Buffalo, Niagara Falls and Toronto. Miss Margaret O'Rourke, also one of the party, was forced to remain in Buffalo for the present because of a threatened attack of diphtheria.

D. D. Long and family and H. A. Giles and family of Clearfield and Mrs. Mercery and little granddaughter of Chicago motored to DuBois Monday and spent the day with Andrew Patterson and family.

WOODS TELEGRAPHS THAT ALL AMERICANS IN TOKIO WERE SAVED BUT IT IS THOUGHT SEVEN IN YOKOHAMA LOST THEIR LIVES

Washington, D. C. Sept. 5.—Seven Americans in Yokohama are believed to have perished in the destruction of that city but all Americans in Tokio are believed saved, United States Ambassador Cyrus E. Woods has advised the State Department today.

Woods estimates the dead in Tokio at 10,000.

Communications between Tokio and Yokohama have been reestablished.

Pacific Turbulent

San Francisco, Cal., Sept. 5.—The Pacific ocean is being agitated by strange currents and swept by huge waves, following the terrific earthquakes.

$50,000 damage has been done to ships in the harbor at San Pedro, it is estimated, by the extraordinary seas.

One vessel witnessed that she had been carried twenty miles off her course by a strange current.

The Tayo Maru of the Toyo Nisent Kaisha radioed that she was in distress three miles out of Yokohama, bound for San Francisco.

Pekin, Sept. 5.—The American naval hospital at Yokohama collapsed

(Continued On Page Four)

JUDGE WHITEHEAD DECREES MAN WITH DISEASE MUST PAY LEGAL PENALTIES

Henry or Joe Vitterella, of Sandy township, who recently entered a plea of guilty to the manufacture and possession of liquor, will have to serve out his jail sentence. Judge Bell sentenced Vitterella to serve 60 days but the question was raised by his attorney that the man was suffering from chronic lumbago and sciatica and that confinement in the jail would aggravate his condition.

An order was then made directing Jail Physician Cowdrick to examine the prisoner and report back. Dr. Cowdrick reported back that Vitterella was able to "stand the work."

A few days later Drs. J. I. Pollum and J. I. Brockbank, of DuBois, "round robined" the Court to the effect that Vitterella was all "sored up" and had to be let loose or he would never be able to brew his own again

That was two doctors to one and Judge Bell rushed reinforcements to the aid of Dr. Cowdrick by making another order directing Dr. Ward O. Wilson to examine Vitterella and see what he could find. Dr. Wilson found his Clearfield colleague right and the DuBois doctors mistaken.

Then a day for a hearing from both sides of the medical question was fixed upon and after one postponement of a week the medicos got at it yesterday. The DuBois doctors persisted that Vitterella had "scientific rheumatism" and lumbago all the time he was along the banks of the Sandy. Dr. Wilson countered by saying such was not the case when he was being detained at the edge of the Susquehanna and as the jail was well lighted and ventilated (boy, page Rev. Hatch), it wasn't a bad place for a rheumatic to be in. Dr. Pollum said he would refuse to advise any patient of his to try a siege in Wilson's rheumatism sanitarium.

Dr. Cowdrick could not be present and Attorney John Pentz started to argue his side of the case to Judge Whitehead, who heard the case. Judge Whitehead soon butted in by saying that he had "no sympathy for any man who violated the Volstead law; that if Vitterella had these diseases claimed for him by the DuBois doctors, he must have had them when he was violating the law, and that he also knew that if caught at his violation he would have to pay the penalty in some penal institution; he took that chance and lost and he believed he had been very leniently dealt with and that the Court would be derelict in his duty to consider any parole in such a case, and that he would therefore refuse a parole." He further said, however, that were it shown that the prisoner's health would be endangered by confinement then the Court had a right to grant a parole, but he did not consider enough evidence had been produced in this case to warrant any such conclusion. Vitterella will remain in Clearfield for the time specified in his original assignment.

HOPE LOOMS AGAIN AS COAL CONFEREES GO INTO MEETING

Change of Tone Said to Be Noted But All Are Agreed That the Real Crisis Is Today.

TO MAKE OR BREAK

Harrisburg, Pa., Sept. 5.—A more hopeful atmosphere pervaded the executive chambers in the Capitol today as the deadlocked miners and operators conferees re-assembled to meet again with Governor Pinchot.

Although there seems little tangible evidence with which to augment such a belief, but the three parties to the negotiations showed an unmistakable change of tone.

The general belief is that the wrinkles in the Pinchot peace plan may somehow or another be ironed out and bring an end soon to the anthracite coal strike, now running its fifth day.

If the operators consent to the ten per cent wage increase and the miners accept Governor Pinchot's explanation of his check-off and non-arbitration process, it was hoped the two parties might again get together in a joint session and work out their own solution on a new basis.

But if such an agreement is not really concluded, it is admitted on all sides that the nation is in for a long strike.

COMMERCIAL CLUB ENDORSES TRUNK LINE PROPOSITION

The matter of the New York Central Railroad Company's proposed "fifth trunk line" across the country from New York to Chicago over the Clearfield route was presented to the Clearfield Commercial Club at its meeting at the Hotel Jordan last evening, by A. W. Davis, of the executive offices of the railroad company.

Nearly the entire membership of one hundred were present and Elbridge Brown, Esq., presided in the absence of President Phil B. Reed. Mr. Davis briefly outlined the proposed plan, which is already familiar to readers of The Progress, and stressed the very great importance and benefit such a line would be to this section of Pennsylvania.

At the conclusion of Mr. Davis' remarks resolutions were unanimously passed strongly endorsing the proposed new line and were ordered forwarded to the Inter-State Commerce Commission as defining the attitude of Clearfield business men toward the projected new line, which body is now engaged in re-grouping the railroads of the country under the transportation act.

Mr. Davis also extended an invitation to the club to send a representation to an open meeting of the business men of this region, designed to further the project, to be held at Williamsport Friday afternoon next. The invitation was accepted and President Brown named the following to represent the club at Williamsport: L. A. McDowell, S. L. Warner, W. E. Fluck Banks Smith, John Gearhart, Randall Brubaker and Roll B. Thompson.

The chairman also appointed the following committee to meet with a like committee from the Rotary Club to decide on wha these organizations will recommend doing about community service in Clearfield.

At the conclusion of the meeting the club members accompanied Mr. Davis to the Globe Theatre where the New York Central Railroad Company was presented on the screen. The pictures showed the N. Y. C. and its manifold activities from Dan to Beersheba and were not only interesting and instructive but very enjoyable. The pictures were public and attracted several hundred people to the theatre during the hour they were being shown.

ALTOONA RACER IS KILLED WHEN CAR LEAVES THE TRACK

Howard Wilcox, Daring Speed King, Is Victim; Eddie Hearne Wins at 111 Miles Per Hour.

A CONTINUOUS RUN

Altoona, Sept. 4.—Howard Wilcox, well known auto racer of Indianapolis, was fatally injured in the inaugural 200-mile race at the new speedway here today. He was in third place and traveling at more than 100 miles an hour when his machine skidded and overturned. Wilcox died a few moments later in the emergency hospital at the track, from a broken neck.

The race was won by Eddie Hearne without a stop. His time was 1:47:37.35, or an average of 111½ miles, for the 200 miles. Jerry Wunderlich was second and Dave Lewis came in third. Other finishers were Fred Comer, fourth; Benny Hill, fifth, and Frank Hill, sixth.

The fatal accident happened on the 117th lap.

By winning today Hearne took the lead in the 1923 automobile racing championship. Jimmie Murphy, who is abroad, has a total of 1,070. Hearne had 802 points and his victory today gave him 400 points.

In addition to Wilcox four other drivers did not finish. They were Harlan Fengler, Earl Cooper, Harry Hartz and L. L. Corum. All were forced out by engine trouble, Hartz's car catching fire.

Turning the first curve of the fatal lap, Wilcox got so low that he was on the dirt. He swerved to get back and his wheel struck the oil soaked board at the bottom. His car turned over, wheels flying. Wilcox was rushed to the field hospital, but there it was found he was dead. In addition to his neck, his arms and legs were broken and his chest crushed.

AUTO ACCIDENT VICTIM DOING FINE

Little Jimmy Frederick, the six-year-old son of Mr. and Mrs. Mike Frederick, who was seriously injured on the day of the Firemen's Convention, when struck by the car driven by Mr. Phillips of West Front street, has so far recovered as to be able to leave the hospital and was taken to the home of his parents at the corner of West Front and Merrill streets yesterday.

While not entirely well, the lad, who suffered a fracture of the skull, is coming along finely and will soon be all right again. The lad's parents are very much pleased over the recovery of their son and are very grateful to the hospital folks, the doctors in charge and Mr. Phillips, who, while not to blame for the accident, was very solicitous as to the lad's condition and made daily trips to the hospital to see him.

HORSESHOE CHAMPIONSHIPS

The horseshoe finals for the championships of Clearfield and the Community Service cups which were pitched off on Labor Day afternoon, were won by S. Boyd Smith in the singles and Witherow and Cowdrick in the doubles.

Smith was the winner of the Community Service championship last year also.

The doubles cups were awarded to Witherow and Cowdrick by forfeit, they being the leaders in the semi-finals and no teams appeared to contest against them in the finals.

The singles scores were as follows:

	Pts.	R.	D.
Smith	50	16	4
Johnson	48	19	1

(This game decided the tie between Johnson and Smith in the semi-finals.)

Smith	50	13	2
Johnson	37	11	2
Smith	50	18	1
Flint	13	7	0
Smith	50	11	3
Hudson	34	10	2
Johnson	50	15	2
Hudson	46	21	0
Hudson	50	13	1
Flint	45	11	3

The other entries in the singles failed to contest.

CLEARFIELD WELL ADVERTISED BY FINE LOOKING LEGION MEN WHO WENT TO THE STATE CONVENTION AT CITY OF READING

Little City of 10,000 On the Banks of the Susquehanna Put Up Great Showing With Big Cities of the State.

CHASE A LARGE FACTOR

By J. D. CONNELLY

Now that the smoke of battle has blown away, the tumult and the shouting has died down to a whisper and the madding crowd is 211 miles behind us at Reading, it appears to us but fitting and right, in view of the splendid showing they made, that we should give a more or less brief resume of the trip of John Shade Post to the American Legion state convention at Reading.

Thank the Public.

And, first of all, we want to express the appreciation of the boys, at their request, for the magnificent manner in which the generous people of this community responded to their appeal for assistance in making it possible to take the band to Reading, for the splendid send-off they gave them when they left Clearfield and for the loyalty of the friends of the Legion who accompanied the outfit.

A Fine Trip.

The trip was a fine one and surely worth while when the advertisement given Clearfield by the numbers, conduct and fine appearance of the Legion members themselves, the magnificent reception given our splendid band throughout Reading, and lastly but far from least, the wonderful hit made by Miss Mary Mitchell with her singing which simply took with storm every audience before which she appeared as soloist for the band, is taken into consideration.

Where Is Clearfield?

Clearfield had a representation of nearly two hundred at Reading and Reading people were a unit in agreeing that a place that could turn out such a delegation was sure "some town." The universal remark was "Well, there is another fellow from Clearfield; where is Clearfield and how big a town is it? We're going to make a trip up to that place and look the people over back home. A 10,000 town with Legion Post No. 6 and a membership like is represented here, with a band the equal at least of anything turned out in any of the big cities of the state, must be 'some town'."

Being from Clearfield we might be charged with being partial, but when John Shade Post No. 6, headed by its splendid band of sixty pieces, with the Legion boys wearing their "tin derbies," as they did when facing the Kaiser's cohorts, marched down the street even the most phlegmatic Pennsylvania German was unable to maintain his usual taciturnity and roared his approval. Both band and Post made a great hit all along the line of

(Continued on Page 6).

MAN IS BLINDED, 100 MADE HOMELESS BY FIRE AT ROSSITER

Punxsutawney, Pa., Sept. 4.—Over 100 persons were made homeless and property valued at $50,000 was destroyed by fire of unknown origin which broke out late last night in the Smyerstown section of Rossiter, a mining town near here. It was the most disastrous fire in the history of the town. Harold Hawk, 18 years was burned so severely on the face that he was blinded. Flames bursting from a broken window leaped across the street and enveloped the youth.

Twelve homes and two stores, all of frame construction and built close together, were destroyed.

The fire started in the home of Joe Prevato and spread rapidly. The fire companies of Rossiter and Punxsutawney were handicapped by a shortage of water, following a severe drought in this section. The Clearfield Bituminous Coal Company flooded the creek from a private reservoir and enabled the firemen to get the flames under control at 5 o'clock this morning.

TOMORROW AND FRIDAY

The busy business man and Mr. Ordinary Citizen finds this a rather strenuous week. Everybody seems to be making an effort to take care of the day's work and appears to be getting away with it, but the fact of the matter is that Monday being a holiday sort of slowed up everybody, at least to the extent of it being a real job to get started yesterday morning. The necessity for postponement of the Altoona races further complicated matters for those who had parted with good hard cash for the coveted paste boards which enabled them to see men race—and get killed.

Most people got a little breathing spell yesterday but many were sufficiently interested in the future of Clearfield to go to the Commercial Club meeting to hear the N. Y. C. trunk line proposal outlined. Today all is calm on the Susquehanna, at least until six o'clock when the Rotarians will uncork some more things at the Jordan.

Invited to Tyrone

Tomorrow, however, is again a half holiday and at noon the ten thousand people of Clearfield, most of them at least, will be free to follow their own inclinations, but there is plenty to do. The great majority, of course, will stay at home doing odd jobs, perhaps visiting with comparative strangers, their family, but many will avail themselves of the generous invitation of the people of Tyrone to go over there for the afternoon. Tyrone believes that the opening of the new Lakes to the Sea Highway route should be properly celebrated and the are right about it too. The Lakes to the Sea Highway means much to this community and a great many men interested in the further development and future of this beautiful Susquehanna Valley will avail themselves of the invitation of the Tyrone people. This invitation is also extended to the people of all towns along the route. There will be no charge for anything and the amusements will be band concert, baseball and all kinds of sports. No one is being permitted to profit from the big time. Lunches will be served at cost. The whole purpose is to get to know their neighbors better in order that this section of the state may be able to work out some program which will bring to it the honors due it.

Races Here

For the amusement of the people of this territory tomorrow afternoon the Clearfield Park Association have contracted with a crew of auto racers to put on two auto races at the Park tomorrow afternoon. Refer to the ad. in this issue for details. Bill Osterhout of Ridgway with his sixteen valve Dodge will land in Clearfield this afternoon. Also Bill Yokem with his sixteen valve Ford from DuBois. Rhoads with a sixteen valve Dodge from Altoona. Deacon Litz from DuBois with his Special Nash. Litz took the big free for all at Lewistown on July 25th and qualified at the new Altoona speedway.

The N. Y. C. Proposal

Word comes from Williamsport today that the conference for the discussion of the N. Y. C. proposal will be held at Williamsport on Friday afternoon. Many of our business men who wish to go to Tyrone tomorrow afternoon welcome the news that the Williamsport conference will be in the afternoon instead of all day as at first proposed as that will enable them to go to Tyrone tomorrow afternoon, return to Clearfield for the night and then motor to Williamsport for the afternoon meeting.

Both the Tyrone and the Williamsport meetings are of vast import to this locality and all who can should go.

Mrs. Sarah Ardary and George F Vincent, Jr., returned from a visit to Philadelphia, Pottstown and Valley Forge where they visited relatives and friends.

Misses Flora Swales and Helen Smith spent Labor Day at Houtzdale.

INSTITUTE DIVIDED INTO 4 DIVISIONS IS PRACTICAL PLAN

Enables Each Teacher to Get Out of Institute Points In Which He or She Is Most Interested.

LECTURE TONIGHT

The opening exercises yesterday were conducted by Rev. C. E. Gibson of the 11th Street M. E. church, after which the Institute devoted a half hour to song drill. This was enjoyed very much by the teachers and many new songs were learned, which will be taken back to the "little red school houses" by the wayside.

The institute was then divided into four sections, viz. High School, Grammar School, Lower Grades and Rural. The High School section was addressed by Dr. Green on "Books That Bless." Good books are those that: 1. Help the brain; 2. Protect the Heart; 3. Lift the life. Books bless us in eight ways: 1. Give information; 2. Give inspiration; 3 Create lofty aspirations; 4. Affect and help our language; 5. Better preparation for service; 6. Open nature; 7. Bring sunshine and cheer; 8. Prompt to action. Dr. Beeler next addressed the High School section on "Readings not in the High School Course of Study." He discussed four great problems, viz. 1. Helping Pupils to Find Life Work; 2. Social Activities; 3. Discipline; 4 Athletics.

The Grammar school section was addressed by Dr. J. Lynn Bernard, Director of Social Studies of the Department of Public Instruction. She conducted a round table conference on the Social Studies for grammar grades. This conference was very helpful for these teachers and many favorable comments were made on the work.

Miss Mary Heffernan, Specialist on Physical Education, from the Department, devoted one period each to the lower Grades section and the Rural section on the State's program for physical education in the schools. The ultimate goal of our system of education should be a strong, well-trained, educated mind in a strong body and it is the purpose of the State to have emphasized the physical side, the child's nature, as well as the intellectual. The work was supplemented by actual physical drills and games in the gymnasium.

The Lower Grades section was also addressed by Dr. Beeler, on "Youth and Its Meaning." Many practical thoughts were developed for the teachers on the great possibilities of the latent forces found in the youth of our land. Dr. Green addressed the Rural Section on "Words We Use," showing the different pronunciations, localisms and meanings of words.

In the afternoon the Institute with the exception of the High School section met in general session in the auditorium and was addressed by Miss Heffernan on Physical Education and its possibilities. She emphasized the importance of proper, healthful surroundings for our boys, girls, and also the responsibility of the home, the board of education, and the teachers.

Dr. Beeler, in his study with the teachers, showed the "Changing Concepts in Education" during the past 50 years. We have come to recognize the sacredness of childhood, rather than the sacredness of the course of study. The old metaphysical system of philosophy has given place to modern empiricism, and the doctrine of universalism has given place to individualism. He lastly emphasized the dignity of labor as a modern idea of education.

Dr. Green gave a study on how to read a book. He advised to read favor books, and read them critically instead of longitudinally. Also read receptively, desirously, imaginatively, determinately and to enter into the beauty of the language.

The lovers of fine music were given a rare musical treat last evening by the Adelphia Concert Artists. But rarely do the citizens of Clearfield have an opportunity to hear music of this class and those who were not present missed something really worthwhile.

Notwithstanding the downpour this morning, nine o'clock found nearly

TRINITY METHODIST ITEMS

Last Sunday resumption of active church work, following the so-called vacation period, was the "order of the day." The Bible School had its Missionary program under Henry B. Powell, Jr., the Superintendent of this work, with an offering of $71.51. In connection with the school's full period, Rev. E. C. Keboch, Conference Supt. of schools, brought a goodly message. Exceptional interest was centered in the Bible study, Paul the Apostle being the subject.

The morning congregation heard an exposition of 1 Cor. 3:21-22, in which was stressed the value of religious teachers, who taught vital, primal truth that can be tested not by logic alone but more in experience. For instance the atonement as presented by Paul, was less a link in a doctrinal chain and more of an appeal of a brokenhearted God, who went the limit of love to recover men to his favor and quicken them to love Him. The discussion of God's love was run out in two applications. Spurned, dishonored and disobeyed, it makes for the individual a more terrible hell of shame and torment than Dante ever dreamed and pictured, or Jonathan Edwards ever described for the sinner. Love was made the solvent of human conditions, untried yet, because the world ignoring Christ refuses the message of the Church, and employes with horrible failure war, legislature and force. Recognizing Labor Day, with its implications and consecration, class legislation was shown to be opposite to the mind of Christ, who loved in the range of the world.

In the evening from Micah 1:1, the pastor found an adaptability of the gospel to the peculiar conditions of every age and community. And he outlined some of those of this day—the pursuit of pleasure, not manly sports, but pleasure not far removed from dissipation and evil, the waste of money, notably the speedway, a flaunted contempt for God with lowering of moral standards and the use of place, family and wealth as a shield against any corrective or punitive movement.

The music of the entire day, in five numbers was special and contributed a distinct contribution to the profit of the people. Chorus, duets and solo parts were greatly enjoyed

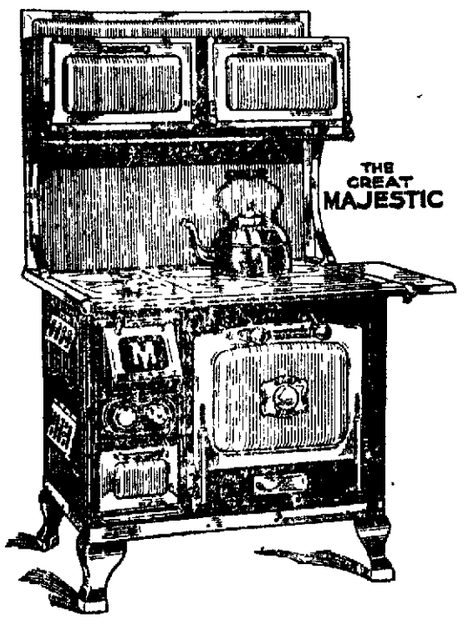

This week's events Wednesday night, congregational mid-week meeting, which will be open forum on our problem as a Missionary study, followed by official board meeting. Thursday, 3 p. m. business of Aid Society; 4, lunch- 20c, served by Mrs. John Hess' group. Next Sunday, memorial to Miss King in Bible School.

Dr. H. L Jacobs writes an informing article for the College number of The Epworth Herald, which appears in the current issue This paper is the young people's weekly, read whereever Methodism is organized.

Try a Progress "Want Ad"

YOUR OPPORTUNITY

This is your opportunity to place a **New 1923 Model Great Majestic Range** in your kitchen at a real bargain.
By all means don't fail to see the New MODEL MAJESTIC—it's the last word in modern range construction. Many, many improvements have been added to this already famous range and its graceful stream line beauty will please you immensely. Make it your business to drop in our store at least one day during our

SPECIAL EXHIBIT AND SALE OF

GREAT MAJESTIC RANGES

ONE WEEK ONLY

September 3rd to 8th

Ask your friends and neighbors to come with you—we are so delighted with the New Model MAJESTIC that we want everyone to see it. Come whether you buy or not. Let the factory representative, who will be with us all week, show you just how the MAJESTIC is made—inside and outside—show you the true reasons why this wonderful range performs, looks and lasts so much better than other ranges.

FREE-During this Exhibit Only

Look at these two fine sets of cooking utensils! Either set may be yours absolutely without cost, just for deciding to buy your Great Majestic Range this week instead of later.

Polished Solid Copper Set

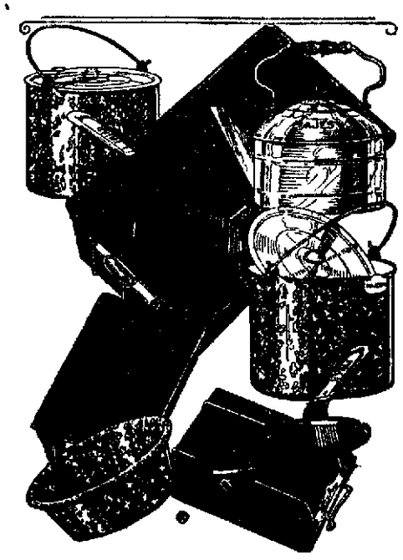

The set illustrated to left is of **pure heavy copper,** highly polished and of exquisite design. Every woman falls in love with it on sight—don't fail to drop in and see it.

Special Majestic Ware

This wonderfully serviceable ware, illustrated below, is well known by thousands and thousands of Majestic Range users, it is the highly prized, extra heavy, old time Majestic Set, same as furnished before the war.

Let the factory representative give you the opinion of an experienced expert. He will show you the many features of the new MAJESTIC that have gained for it the proud position of being the most dependable and beautiful range in America.
Reputation in a range is something to be carefully considered before buying, for reputation is made up of tests successfully passed.

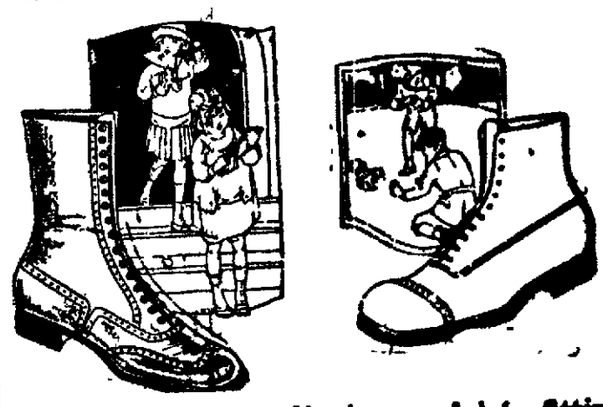

Choose the style of new MAJESTIC that meets your individual need and preference, the practical, durable, economic and matchless cooking qualities that have always distinguished the MAJESTIC ranges are the same in every type. In addition to its superior working qualities, the new MAJESTIC, by its handsome design and graceful artistic appearance, gives a touch of beauty to any kitchen. It is not only the best range to work with, it is the best to live with.

ODDS AND ENDS AND THINGS

By J. D. G.

The Susquehanna river has been lower this summer than for more than 60 years—in fact lower than at any time on record.

S. C. Jayne, of Berwick, Pa., has been marking the various "record lows" and "highs" of the river on the famous Black Rock near that town for more than 30 years, continuing a work begun on the rock face about 60 years ago.

The previous low for the river was in 1912 and the next 1889. It is possible that the river has never before been as low as this year.

Conditions along the stream with the constant denuding of forests and drying up of springs may mean that in another 100 years the river will be dry in summer, it is said.

* * *

The boys of John Shade Post of the American Legion, their band members and the friends who accompanied them to Reading last week greatly appreciated the generosity of three of our local dealers. When the special train pulled into the Pennsy station here the first stuff to be loaded was made up of 25 cases of coca cola from Callahan Brothers, two bushels of peanuts from Thorn Brothers and 500 pint cartons of ice cream from Woods Bros. Keystone ice cream factory. It all came in mighty handy on that journey.

* * *

Many Clearfield visitors to Reading found time while in the "pretzel capital" to drop in on a former Clearfield business man, who has more than made good since going to Reading more than 15 years ago. That man is Harry Ellis, the organizer and promoting head of the Nogar Manufacturing Company, a concern which manufactures clothing from a patented water-proofed cloth, which is being sold in every section of the United States, Canada and Mexico. Nogar clothes consist of coat and trousers and are being extensively used by sportsmen and outside workers.

The concern has its factory in a large three story brick building finely located in the manufacturing district, and turn out eight thousand of these suits per week. They are sold on a mail order plan and all go out C. O. D. Between two and three hundred people are employed in the plant at present, while plans are under way for greatly enlarging the capacity.

Wherever you go into any town on the map you always find some former Clearfielder up in the front rank helping keep the place right up in the procession, and Harry Ellis is doing just that down at Reading.

To Be Laughed At.

"The Spaniard gets little amusement from hearing his language spoken by foreigners," says an evening paper. Unlike the Scotchman, who loves to hear you pronounce Auchtermuchty, or Ardnamurchan.—London Humorist.

TRUTH TRIUMPHS

Clearfield Citizens Testify for the Public Benefit.

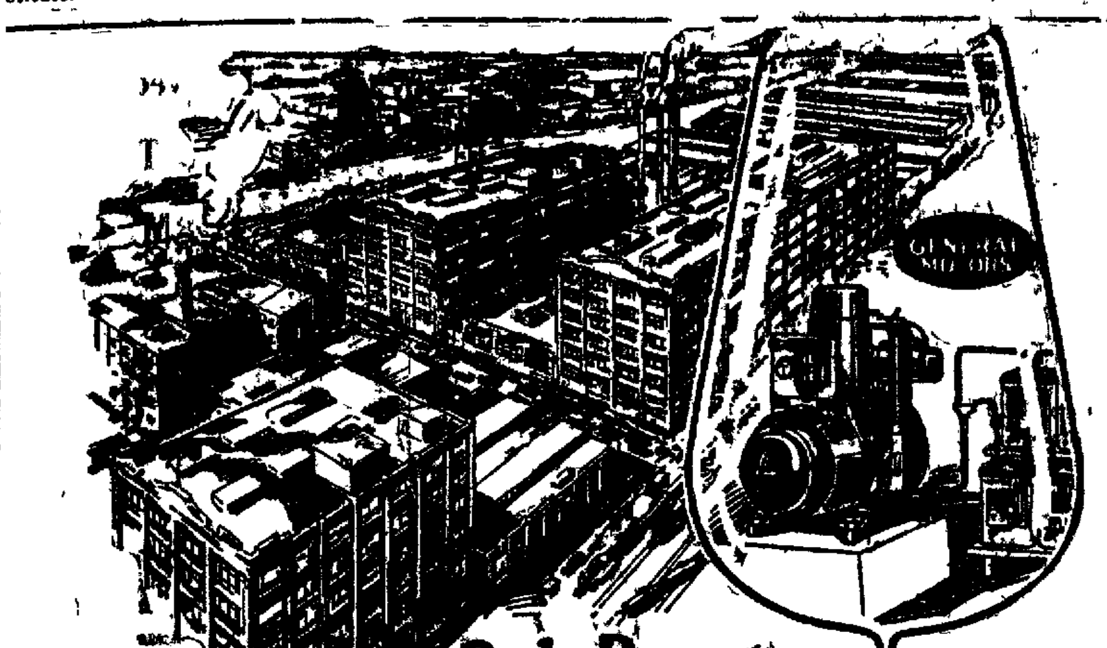

A truthful statement of a Clearfield citizen, given in his own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ills, use a tested kidney medicine.

A Clearfield citizen tells of Doan's Kidney Pills. . . .

Could you demand more convincing proof of merit? Ask your neighbor!

Lewis E. Wise, miner, 404 River St., Clearfield, says: "While working in the mines I was caught with a pain in my back. I couldn't do any lifting or anything that caused me to bend over. I had no appetite and the pains in my limbs were severe. Doan's Kidney Pills being highly recommended to me I began their use and I noticed a change in my condition before taking half a box. On finishing two boxes of Doan's the pains in my back and lameness were all gone."

Woods Telegraphs

(Continued From Page One.)

Following the earth shock Saturday, injuring Commander Webb of the United States navy, and burying members of the staff in the ruins, according to refugees who reached Kove yesterday. The first account of the horrors in the stricken area reached here by wireless, which Consul Dickover at Kove forwarded to Pekin.

Five hundred foreigners, including a number of Americans, are feared to have perished at Yokohama and Tokio. The Yokohma Club collapsed and only a handful of foreigners who were in it at the time escaped.

Besides Acting American Consul Kirjasoff and his wife, others who are understood to have lost their lives in Yokohama include American Vice Consul Jenks, Commercial Attache Bassett, Edwin Wheeler, J. D. Hollister, Captain Simpson and Mrs. Root of California. Also Mrs. Mentel and two daughters.

The French orphanage was destroyed and 15 sisters and 150 children have perished in the ruins, according to stories of survivors. The French consul general was killed, as was the former Mexican Consul Henrique.

San Francisco, Cal., Sept. 5.—Nearly 250,000 persons are dead in the Japanese disaster, it is estimated by Admiral Anderson, commander of the United States Asiatic squadron.

Anderson, who is rushing to Japan aboard his flagship, the Huron, to take charge of relief work, gave his report in a wireless to Admiral Eberle at the Twelfth Naval District here.

An announcement from the Japaneses home office received here officially estimated the number of dead in Yokohama at 110,000 and at Tokio at only 10,000. The injured are innumerable.

There were 273 earthquakes in Japan on Saturday and Sunday, a wireless dispatch said.

Restoration work has already been started in Tokio. Street lights have been restored and the water system was put in working order on Monday night.

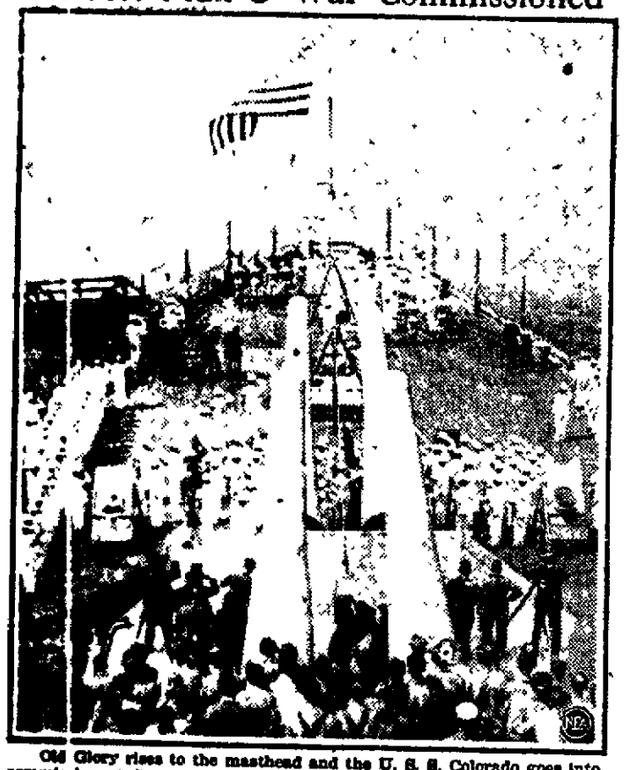

Washington, Sept. 5.—A golden stream of sympathy and practical relief poured in today to Red Cross headquarters as the American people rose generously to meet the needs of a stricken people, half way around the world.

Sharers in Japan's sorrow by reason of the loss of American lives Americans all over the country responded instantly to the Red Cross $5.000 000 relief fund appeal.

Several hundred thousand dollars were contributed within an hour after the Red Cross executive committee had announced its decision to ask the nation for $5,000,000. Every Red Cross chapter in the land today became the fountain head of a stream of mercy, the waters of which were the practical dollars and cents charity of the American people.

Certain of the response of this people, the Red Cross is going to send the $5,000,000 asked for just as rapid ly as arrangements can be made for transporting food, medical supplies and other necessities to the devastated cities.

Newest Man-O'-War Commissioned

Old Glory rises to the masthead and the U. S. S. Colorado goes into commission at Camden, N. J. Most powerful seafighter we have, it is the last to be built under the five-power naval agreement entered into at the disarmament conference at Washington.

Have You Money To Invest?

Our Bond Department is conversant with the investment situation. It is in touch with the financial centers and knows the issues that are being offered.

It has purchased for the bank some of these bonds. It offers to customers only such securities as the bank would purchase for itself.

If you wish to make an investment we shall be glad to give you information from our files.

We shall appreciate an opportunity to suggest a list of bonds if you will call at the bank or write us.

What Little Boy Can Name the Season Just Closed?

Torch of One's Own.

As Plutarch tells us, "It is well to go for a light to another man's fire, but not to tarry by it, instead of lighting a torch of one's own." A torch of ones' own! That is a possession worth having, whether it be a flaming beacon on the hilltop or a tiny taper in the window. We cannot tell how far a little candle throws its beams, nor who is laying his course by its flickering light. The most that we can do—and it is also the least that we should do—is to tend the flame carefully and to keep it steady.—Brander Matthews.

In the Grass Family, 10,000 Species.

There are ten thousand species of grasses, of which 1,900 are native to the United States. Members of the grass family are distributed throughout all the zones of the earth, and vary in size from a few inches in height to vegetable forest trees towering 300 feet and more.

Giant Among Berries.

The Columbia berry, the largest berry yet discovered, measures as much as 2½ inches in length by 1½ inches in thickness, and was introduced in 1921 into this country from its home high up in the Andes.

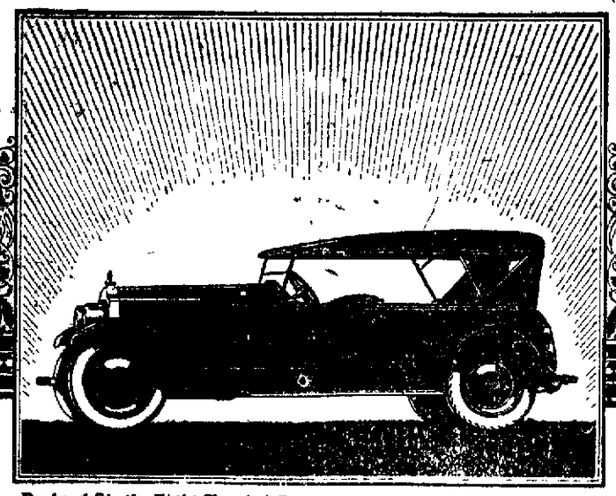

Thought for the Day.

Some people get pleasure even out of disaster, if only they can say, "I told you so!"

Real Meaning of Cheer.

According to one authority, when we shout "hip, hip, hurrah!" we really say "Hierosolyma est perdita (twice), Hosannah!" This was the triumphant cry when Jerusalem fell, the initials of the words becoming "hep" and then hip; Hosannah became huzzah and then hurrah. It sounds ingenious—but far fetched.

Packard Single-Eight Touring Car

New principles of engineering place the Packard Single-Eight beyond comparison with any automotive product either at home or abroad, and are responsible for riding and performance qualities hitherto unattained.

This *new* companion of the famous Single-Six, by its mechanical perfection, eliminates vibration to an unprecedented degree.

So exceptional a creation for luxurious travel cannot adequately be described, but all its amazing qualities will immediately reveal themselves if you will accept our invitation to sit behind the wheel of the Single-Eight.

Progress Editorial For Women

LAUGHTER AND TEARS

By FLORENCE DAVIES

"Laugh and the world laughs with you,
Weep and you weep alone."

The popular and well remembered lines of the poet are only partially true, or, shall we say only poetically true.

As a plain matter of fact we neither weep alone nor laugh alone. Not that we cannot, of course, practically speaking, but as a distinguished pedagogue points out, "One cannot weep if there is no friendly bosom to support one's bowed head, no soothing touch to wipe away the tears."

He was saying that of children, pointing out that the child measures the world in terms of himself. But it is not fundamentally more true of children than of grown-ups. Each of us is the center of his or her universe and we are all of us interested deeply only in ourselves. The world about us is a good world or a bad world, according as it treats us.

We laugh or weep in relation to [illegible] a most of us, but after all, the [illegible] reason of only sharing [illegible] the world our joys and sorrows. What [illegible] there no friendly shoulder on which [illegible] to weep, no kindly hand to brush [illegible] tears away, as the [illegible] neither would there be [illegible] weeping in the first place, no [illegible] cause us tears.

The poet is right when he says that the world laughs with us, but only for the very good reason that we cannot weep alone. [illegible] laugh if there is no one [illegible] or with, no one to [illegible] selves and for [illegible] joy of our laughing, and the light of our smile?

So, unless you love weeping for weeping's sake, you may not weep to yourself alone. Weep and the world that set you weeping is unconcerned to minister to your thirst. Just as, laughing, you make the old world reflect back your laughter.

Pity the Homeless Man.

A man who in the struggle of life has no home to retire to, in fact or in memory, is without life's best rewards and life's defenses.—J. G. Holland

TURN ME OVER

Protecting Turkeys From Coyotes.

In certain parts of the West flocks of domestic turkeys on frontier ranches are protected from attacks by coyotes by tying small bells to the necks of the gobblers. The tinkle of these bells is sufficient, in most cases, to keep the animals away, while not infrequently unprotected flocks which have wandered far from home are annihilated by the beasts.—Popular Mechanics Magazine.

Greatest Masonry.

The famous Washington monument has been called the best piece of masonry in the world. Its interior is 25 feet square, while the exterior is 55 feet square. This shows the tremendous thickness of the walls. The foundation of the shaft is [illegible] feet square and it is set in solid rock eight feet below the surface of the earth. Many nations, as well as other states and individuals contributed stones in its construction. Its walls therefore contain interesting stones from all parts of the world.

Violin Varnish.

Dissolve twelve parts of sandarac, six parts of shellac, six parts of mastic, three parts of elemi gum in one hundred and fifty parts of alcohol, warm when dissolved and add six parts of Venice turpentine. Color to match the old varnish with Brazil wood and dragon's blood gum.

Old [illegible]

[illegible] using charcoal [illegible] in Austria have been reopened after [illegible].

Just Thinking.

Jud Tunkins says a man who thinks this ain't worth living is generally engaged in making it seem that way for the other [illegible].

CLEARFIELD WELL

(Continued from Page 1.)

march, while Judge Kenesaw Mountain Landis, the czar of baseball, simply danced up and down and howled his approval as the Clearfield delegation marched past the reviewing stand. The judges also picked Clearfield out of the long line of marching stalwart young Americans for special mention, the only delegation so honored.

A Glorious Defeat.

Clearfield again shone in the convention, where a strenuous battle was waged throughout the long sessions for the position of State Commander. The local candidate for that position was J. Mitchell Chase, commander of John Shade Post. He and his campaign committee put up a wonderful fight and while they went down to defeat, they did so like Jim Bludso, with their "boots on" and their faces to the foe. Little old Clearfield met Philadelphia, Pittsburgh, Scranton, Harrisburg, Reading and the other big cities of the Commonwealth and, battling for a principle, came out of the grualling scrap with clean hands, and with nothing to regret. Clearfield Post and Commander Chase made their fight for a principle and "stayed with the text." They deserve great credit.

In order that the folks back home may get a slant on how the battle was waged, we present herewith a detailed statement of the balloting in the fight for commander. The representatives or delegates entitled to seats in the convention were made up or apportioned according to Congressional Districts, and there was a total of 499 votes in the convention. Of course the Philadelphia and Pittsburgh candidates started in with a big advantage and when they finally combined their strength on the fourth ballot the Pittsburgh man won out. Following is the result of the balloting:

How They Voted.

Bacon, Harrisb'g	63	39	...	...
Chase, Clearfield	86	111	106	113
Collins, Pittsb'gh	131	169	182	230
Dervin, Phila.	111	103	101	151
Muhlenb'g, Read.	53	74	107	...
Ross, Scranton	51	...	...	...

After the first ballot the low man was dropped each time.

Fought For Principle.

Had the Clearfield delegation been willing to barter, dicker and pull and haul politically, things might have been different. They refused to do so because the cardinal principle of the American Legion is "no politics" in the Legion. We honor the boys and Commander Chase for their stand and the fight they made.

Awarded Handsome Silver Loving Cup

The famous "40 and 8" organization awarded John Shade Post a large handsome silver loving cup for having the greatest number of men in line of parade, taking into account the distance traveled and the boys are very proud of it.

Reading All Right.

The Reading people were royal entertainers and the entire trip was highly enjoyable. Next year's convention will be held at Greensburg and Clearfield's Legionaires will be on hands with "bells on." Let's all go.

Want Band Back Again

That the American Legion Band was appreciated by Reading folks is shown by the fact that the committee on music for the 175 birthday anniversary of the city of Reading, which is to be held the first week in October, asked Business Manager Shaw for his terms for the band on this occasion and want them back for this big celebration. Some recognition in view of the large number of city bands present.

In Washington Tomb.

The tomb contains, besides George Washington and his wife, Maj. Lawrence Lewis, Mary Lee Washington Herbert (a child of Rev. W. P. C. Johnson), Mrs. Jane Washington, Judge Bushrod Washington, Ann Washington (his wife) and John Augustine Washington.

How to make Jelly keep

HERE it is—the Atlas Jelly Glass with the celebrated Duplex Seal. The seal that made putting up jelly easier and surer in thousands of homes last year.

Seals air-tight, water-tight germ-proof and mouse-proof. No drying out or spoiling.

No more worrying with rubber rings, paper and string or balky tin tops.

Just fill the glass full, put on the Duplex Seal. A quarter turn of the wrist does it. Open with the same easy motion. Re-seal as often as you like.

See the new Atlas Jelly Glass with the Duplex Seal at your dealer's.

Really a Bad Habit.
A newspaper down in Maine, in telling of the death of a man through being struck by a railroad train, adds that "it will be remembered that he met with a similar accident a year ago." It is to be hoped that the habit which he appears to have contracted will not become chronic.

Washington Educational Center.
The District of Columbia is the largest center of learning in America, with its 100,000 pupils in colleges and schools, public and private. To familiarize one's self with the historic past of Washington is an education in itself.—Washington Star.

Tom Sims SAYS---

Bandit talked politics as he robbed a train in Oklahoma. Probably a reformed politician.

A shop lifter entered a St. Louis store and got a nice fur coat and four months.

Cuba can pay her war loan. A few bootleggers could pay ours.

New Jersey couple knew what one wedding gift was anyway. It was a live elephant.

Big boarding house burned in Washington, which is that many less bedbugs in the world.

Two men ages 63 and 65, fell out of a Brooklyn tree, so perhaps an old maid was after them.

Times change rapidly. Somebody horsewhipped a Ludington (Mich.) man who was not an editor.

Captured a barrel of real hard cider in Montgomery, Ala. Carried away a barrel of fun.

Fruit juices are so contrary. They had rather ferment than jell.

Portland Oregon, reports improvement. Judge sentenced two sheiks to get their hair cut.

Pigeon flew from Grand Canyon to New York. Will find New Yorkers yawn greater than Grand Canyon.

Bootleg booze costs $20 a quart in Savannah, Ga., the crooks.

Two Kansas City Girls are suing their father for $31,800. He is getting off light.

101—Bids Wanted

NOTICE TO BIDDERS
The Board of Directors of Morris township Clearfield county, will receive sealed bids up to 6:30 o'clock p. m. of the 7th day of Sept. 1923, for the heating of the new school building being erected at Morrisdale. Plans can be examned on application to Albert Hess, Contractor, Winburne, Pa., The right is reserved to reject any or all bids.
WILLIAM SLEE, Pres.
9|1-4t ch Morrisdale, Pa.

BIDS FOR COAL
Sealed bids will be received by mail by the undersigned until 2 o'clock p. m., Thursday, September 20, 1923, for supplying necessary quantity of good quality, clean bituminous coal for use at the Chilrden's Home during the season 1923-24. Quotations should be made on a net ton basis, price delivered to the Home. The Committee reserves the right to reject any or all bids.
Mrs. J. Clyde Staver, Secretary,

AUDITOR'S NOTICE
In re Estate of Annie McMurray, late of Ramey Borough.
The undersigned, having been appointed Auditor to make distribution of the purchase money in the hands of Miller & Hartswick, Attorneys for the petitioner in the partition of the real estate of said decedent, hereby gives notice that he will attend to the duties of his appointment at the office of A. M. Liveright, Esq. on Locust Street in the Borough of Clearfield, Pa., on September 21, 1923 at 10 a. m. All persons having claims upon the fund for distribution must present their claims at said time and place and make due proof thereof or otherwise be forever debarred from sharing in said fund.
JOHN M. CHASE, 3rd., Auditor.
Clearfield, Pa., August 25. 1923. 8|29 9|5|12|ch

NOTICE OF HEARING
To James McAvinew, last heard from, in Okmulgee, Oklahoma:
Notice is hereby given that Mary McAvinew, your wife, has presented her petition to the Court of Common Pleas of Clearfield County, under the provisions of the Art of Assembly approved the 24th day of May A. D. 1293, Art No. 238, praying the Court that the order of support obtained against you to No. 37 September Sessions 1917, Court of Quarter Sessions of Clearfield County be certified to said Court of Common Pleas and that a day be fixed for a hearing to determine her share or interest, as provided in said act, in real estate situate in the Township of Morris, County of Clearfield and State of Pennsylvania, owned as tenants by entireties by herself and yourself; and that the said Court has fixed Monday September 17th, 1923 as the day for a hearing thereon at which time you may attend and be heard if you think proper.
M. WARD FLEMING, Philipsburg, Pa.
Attorney for Mary McAvinew, Petitioner.

Indians Liked Them.
In dry woods, particularly in the shadow of the hemlocks grow the rattlesnake plaintains, the tufts of their gray-green leaves delicately marked with netted veins, says Nature Magazine of Washington. The resemblance to the markings on a snake is really responsible for its name, but the Indians once supposed it to have curative power for the bite of a rattlesnake. The two species common in the eastern states are the lesser rattlesnake plaintain and the downy rattlesnake plaintain.

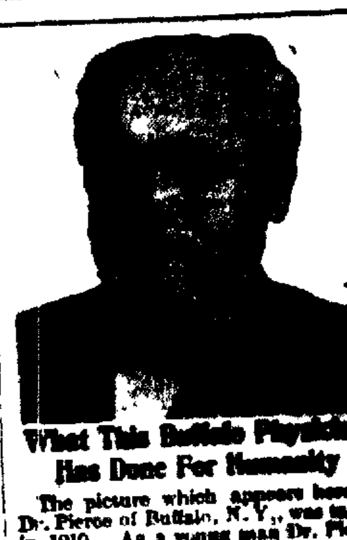

Birds of a Feather.
Rev. Mr. Smith, rector of a fashionable London church, was induced to preach at a well-known prison. When in the vestry he said to the prison chaplain: "Now I have come, I don't know what to say to your convicts." The chaplain replied: "Preach exactly as if to your own congregation—remember my people have been found out; yours have not."

All Kinds of Whiskers.
Whiskers are a variable side issue. The closely trimmed whisker, descending to the lobe of the ear on an otherwise clean-shaven face, was long a favorite among sporting men. Worn lower down the jaw, the whisker changes character and develops into "mutton chops" that blossom in a bushy manner. Still more pronounced are "Picadilly weepers" of the Lord Dundreary kind. This last and the mutton chop are worn with a mustache, while John Bull shaves everything except his ...

Find Pleasure in Work.
If you want knowledge you must toil for it. If pleasure, toil for it. Toil is the law. Pleasure comes through toil and not by self-indulgence and indolence. When one gets to love work his life is a happy one.—Ruskin.

What This Buffalo Physician Has Done For Humanity

The picture which appears here of Dr. Pierce of Buffalo, N. Y., was taken in 1910. As a young man Dr. Pierce practiced medicine in Pennsylvania and was known far and wide for his great success in alleviating disease. He early moved to Buffalo and put up in ready-to-use form, his Golden Medical Discovery, the well-known tonic for the blood. This strength-builder is made from a formula which Dr. Pierce found most effective in diseases of the blood. It contains no alcohol and is an extract of native roots with the ingredients plainly stated on the wrapper. Good blood, vim, vigor and vitality are sure to follow if you take this Alterative Extract. Dr. Pierce's Golden Medical Discovery clears away pimples and tends to keep annoying eruptions and tends to keep the complexion fresh and clear. This Discovery corrects the disordered conditions in a sick stomach, aids digestion, acts as a tonic and purifies the blood. Write Dr. Pierce's Invalids Hotel in Buffalo, N. Y., and receive confidential medical advice without charge. All druggists sell Discovery, tablets or liquid. Send 10c for trial pkg.

Curwensville's Own Column

(Isaac Mitchell and family, of Altoona, came to Curwensville Saturday evening and remained over Labor Day at the home of Mr. and Mrs. Geo W. Rapp, South Side.

Harry Keighley, wife and son Linwood, of Washington, D. C. spent Sunday and Monday at the home of Mail Carrier Bill Johnson.

Miss Alice Woodward, mother of Coalport, dropped in Curwensville stores on Saturday, as also did Mrs. Kendall of the same town.

The funeral of Samuel F. Bailor, who passed away from earthly life on last Thursday morning, August 30th was held from his home in Pike township Sunday afternoon, Rev. Collins delivering the scriptural discourse. Deceased was born in Franklin Co., on May 6th, 1841, and lived there until a couple after his marriage to a Miss Mills Mahaffy, who survives him. The family removed to Clearfield county some fifty odd years ago, residing in different sections until coming into this vicinity. He was a hard working and industrious man, until old age overtook him which incapacitated him from heavy work, but still working at some light labor which enabled him to support himself and aged helpmeet in comparative comfort. Besides his aged widow these are the children who yet survive him, Mary Goodlin, residing in Harrisburg; Robert, Lumber City; William and Bryan Pike township; Mrs. Annie Holder, Curwensville; Ella Busch, Carbon Mines, all of whom attended the last sad rites and followed the remains of their dead parent to the graveside. Funeral Director Doverspike had charge of the remains and convey of them to Plainview (Quaker) cemetery for interment.

Mrs. [illegible] and three children, of Osceola, spent the week end at the home of [illegible] Aughenbaugh, South Side.

Mrs. [illegible] attended the funeral of [illegible] Witherow, an aged citizen of [illegible] Knox township, Sunday afternoon. The deceased was an old time resident of that section of the county and was well known by nearly every resident of Knox township.

Mrs. A. M. McMullin and a Mr. Edwards of Scranton, Pa., spent Labor Day with their son and brother on South Filbert street.

Harry Cassler and wife who have been absent from town for several weeks, and who have about recovered from injuries received in an automobile accident, have returned to their Curwensville home.

Paul Zeiler and his sister, both of whom have been engaged to teach in different departments of the borough schools, arrived in Curwensville a few days ago and have taken up quarters in rooms at Mrs. Carrie Snyder's home, East George street.

The Yellow Dogs held a short cut initiatory meeting in the school house last Friday evening and instructed a few curs in the ways of lousy dogdom. 'Satire' Caldwell, who in age is up in the eighties, though not too old to follow a scent if rain had not fallen on it, was admitted to a membership in the kennel. He was not on the tail end of the big dog parade Monday forenoon either, but kept right up in the head of the long procession. He thinks he will try and become a full fledged member of the auxiliary "Blue Kittens" when it is organized.

Several of Curwensville's citizens, who have a wild sportive streak in their system, went over to Altoona Monday to see the automobile races, and look upon other things that struck their fancy.

Tom Reed and family were over from Osceola Sunday and spent the greater part of the day with Mr. Reed's parents, Mr. and Mrs. V. M. Reed, North Pine street.

Mr. and Mrs. A. R. Shiek, and son of Williamsport; Mrs. Ellis Kester and young daughter of Valley Falls, N. Y.; Miss Gussie Gardlock, of Olean, N. Y., and Paul Gardlock and family of Warren, O., all spent the past few days at the home of their parents, Mr. and Mrs. Cris Gardlock, of the South Side. This is the first time in 15 years that all the family have been at home at one time and they all enjoyed the time very much. Mr. and Mrs. Paul Gardlock were accompanied here by Mr. Kelly of Warren, O.

Edward Smith, of Philadelphia, visited at the home of Warren Kephart several days this week.

Messrs. Emory Daub and Martin Ardary left for a week's pleasure trip to Atlantic City yesterday.

William Butts of DuBois and Miss Frances Mapes of Clearfield, were Curwensville visitors Monday and Tuesday.

Joe Mehaffie and wife, residents of Altoona, came over the newly finished state highway and spent Labor Day with relatives.

"Peck" Ammerman, wife and children of Hamilton, Armstrong county, accompanied by Albert Murfett, of Kittanning, and Miss Hayes, a professional nurse, of Haverhill, Mass., dropped into Curwensville Sunday and took in the Labor Day celebration.

Lew Lewis and wife, who formerly resided in this place for a number of years, but removed to New Bethlehem some dozen years ago, were Labor Day visitors with friends here.

George R. Fleming, the man who takes care of Oak Hill cemetery, has taken a week off from his labor and gone to the Indiana fair. He has just recovered from a sick spell which lasted more than a month.

A beautiful home wedding was solemnized at the residence of Mr. and Mrs. Ai McNaul, 322 State street, Tuesday, September 4th. Promptly at 11 o'clock a. m., the bride, Miss Wava McNaul, entered the room on the arm of her father, Ai McNaul, to the strains of Lohengrin's wedding march played by the bride's cousin, Miss Nell Virginia McNaul, the Rev. John C. Collins, of the Methodist Episcopal church reading the ceremony which made the bride the wife of Mr. Gustav Johnston. The only attendants were Mr. and Mrs. C. A. Irvin, of Philadelphia, the lady being a sister of the bride. The single ring ceremony was used, the couple standing under an arch of palms, ferns and roses. The bride wore a blue traveling dress and carried in hand a beautiful corsage of roses, lillies of the valley and orchids. Immediately after the ceremony a wedding breakfast was served, the color scheme being pink and green. Following the wedding feast, the bride and groom left Curwensville by motor car for an extended trip through the Berkshire mountains, making a short stop in New York City and again at the home of the groom in Springfield, Mass. The out-of-town guests were Mr. and Mrs. W. O. Johnston, Springfield Mass.; Dr. and Mrs. C. C. McNaul Altoona; Mrs. C. W. Irvin, Sunbury; Mr. and Mrs. C. A. Irvin, Philadelphia; Mr. and Mrs. S. P. Carter, Altoona; Mrs F. V. McCoy, Altoona and Miss Ruth Hatton, DuBois. Mr and Mrs. Johnston will be at home to their friends after October 1st in Philadelphia.

Mrs. Ed C. Bilger and daughter Miss May, Mr. and Mrs. Arthur Zeitler and daughter, Oscar Bilger and wife, all of New Castle, came up to their old home town to see friend and relatives and carry back home with them the news of what a big Labor Day Curwensville could celebrate when the town had such wheel horses as the Yellow Dog organization to stand behind all of the proceedings and general activities.

Mr. and Mrs. Charles Anderson and daughter have gone to Endicott, N. Y., for a week's vacation trip.

Wanted: Plain sewing to do at home. Children's preferred. Mrs. Bruce Draucker, 703 Anderson street, Curwensville, Pa. 9|5|3t|ch

ZOLLARS—WILSON

At 10 o'clock this (Wednesday) morning, in Trinity Methodist church the pastor, Rev. Horace Lincoln Jacobs, married with the ring ceremony George Sheldon Zollars, of Marianna, Pa., and Almeda Romayne Wilson, of Bigler, Pa. Friends witnessed the nuptials. In their car Mr. and Mrs. Zollars started on their wedding trip through New York state by the Falls down into Pennsylvania to their home in Marianna.

Many to Be Remembered.

Billy Dick, having lived in four different families, was saying his prayers, closing with "God bless my friends and all my parents."

A New Novel By Booth Tarkington

The Midlander

A novel by Booth Tarkington is always the literary event of the year. You can read his newest one *before it is published in book form!* For it begins in the October issue of

THE LADIES' HOME JOURNAL

It will be complete in four installments! In fact, each of the eight full-length novels coming during the next 12 months will finish in four or fewer issues!

Generous installments of serial, so that you're not reading one story for many months. Isn't that what you've always wanted?

Following "The Midlanders" come novels by Zane Grey, Sophie Kerr, Joseph C. Lincoln—and others. And, of course, fiction is only *one* feature! Besides the serial and four short stories in October, Otis Skinner begins his reminiscences and Margaretta Tuttle begins her series on women successful in business.

There's a lesson on how to make your afternoon dress, and fashions for the business woman who buys her clothes. May I call and tell you about still other features? Only $1.50 pays for 12 such numbers!

Each Issue a New Pleasure

COMEDY

Buster Keaton in "THE ELECTRIC HOUSE"

Women to attract must

Radiate Health!

BEAUTY is the magnet which draws all eyes—and back of beauty—Health—working silently.—Red blood tingling through the veins;—the glow of youth in the cheeks;—the spring of eagerness, of vim, of vitality in the walk;—the ever graceful air, unrestrained by care or worry—All the charms of beauty. All the works of health.

Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps—wondering—hoping—praying for that attractiveness that is not theirs.

But why the wondering—the hoping—the praying for that craved-for attractiveness—that beauty. Good looks is the barometer of one's condition. Good health radiates beauty. S. S. S. purifies the blood—creates new red blood cells—rids the system of impurities which make beauty and attractiveness impossible. As women to attract must radiate health so must they keep their systems free from impurities and their red blood cells ever increasing. S. S. S. does both.

S. S. S., since 1826, has been ridding the system of impurities—pimples, blackheads, boils, eczema and rheumatism—building red blood cells—aiding women to be attractive by radiating health. S. S. S. is made of carefully selected herbs and barks, scientifically prepared and proportioned. All good drug stores carry S. S. S. It is more economical to purchase the large size bottle.

Keep Fit.

Good health is essential not merely to enjoyment of life but to making the most of life's opportunities. Good physical and mental condition is the prerequisite of straight thinking and logical conclusions. "Keeping fit" should first engage the attention of every one.

Monarch's Golden Carriage.

The most valuable carriage in the world is preserved in the palace of Trianon at Versailles. It was constructed for Charles X of France. From pole to hind wheels the coach is thickly covered with gold and cost more than $200,000.

Cheerfulness an Obligation.

Cheerfulness should not be a matter of mood. It is an obligation which we owe to those about us. And gloom, being an infectious disease, cannot be quarantined too strictly.

Thought for the Day.

So many people are more interested in the income than they are in the outcome.

South Australia's Most Ideal City.

Adelaide, the capital of South Australia, is a "model city" laid out with a central town in perfectly square blocks, containing public and business buildings. Outside of that is a belt of public parks and gardens and beyond the latter are the residence suburbs.—Cleveland Plain Dealer.

HEARNE WINS

At ALTOONA On

Firestone

GUM-DIPPED CORDS

SPECIAL DISPATCH FROM ALTOONA SPEEDWAY, SEPT. 4: "EDDIE HEARNE IN A DURANT SPECIAL WON TODAY AT AN AVERAGE TIME OF ONE HUNDRED ELEVEN AND FIVE TENTHS MILES PER HOUR, ESTABLISHING NEW RECORD FOR CARS OF 122 CUBIC INCH DISPLACEMENT. WONDERLICH, LEWIS, COMER AND HILL FINISHED IN THE ORDER NAMED, MAKING FIRST FIVE TO FINISH ON FIRESTONE GUM DIPPED CORDS."

Repeating their triumphs at Indianapolis and at Kansas City Gum-Dipped Cords scored again today in the first race on the new Speedway.

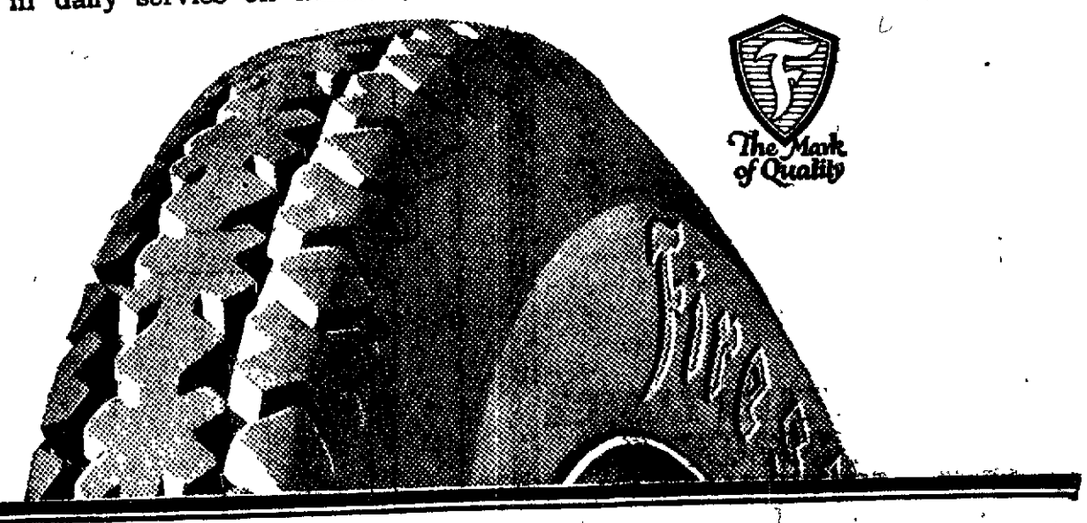

Carrying the foremost racing cars piloted by the most famous drivers in the world, Firestone Cords proved more than equal to this supreme test.

The stout, gum-dipped cord carcasses and the thick, scientifically compounded treads easily withstood the heat, terrific speed and grinding wear.

Just as in daily service on taxicabs, motorbuses and passenger cars Firestone Gum-Dipped Cords live up to the highest expectations of millions of users, so today they again justified the confidence of the world's greatest drivers.

It merely showed, once more, Firestone's ability to build the finest tire ever produced, and to set new standards year after year.

You can get this extra value—longer mileage and greater dependability—by letting a Firestone dealer equip your car all 'round with Gum-Dipped Cords.
